MASTER CONTRACT

NO. 02918

SURVEY AND MAPPING EQUIPMENT & SUPPLIES

This Master Contract ("Master Contract") is made and entered into by and between the State of Washington acting by and through the Department of Enterprise Services, a Washington State governmental agency ("Enterprise Services") and Trimble Inc., a Delaware Corporation ("Contractor") (collectively the "Parties"), and is dated and effective as of December 1, 2018.

RECITALS

A. Pursuant to Legislative direction codified in RCW chapter 39.26, Enterprise Services, on behalf of the State of Washington, is authorized to develop, solicit, and establish master contracts for goods and/or services for general use by Washington state agencies and certain other entities (eligible purchasers).

B. On behalf of the State of Washington, Enterprise Services, as part of a competitive governmental procurement, issued Invitation for Bids No. 02918 dated September 21, 2018 regarding Survey and Mapping Equipment & Supplies.

C. Enterprise Services evaluated all responses to the Invitation for Bids and identified Contractor as an/the apparent successful bidder.

D. Enterprise Services has determined that entering into this Master Contract will meet the identified needs and be in the best interest of the State of Washington.

E. The purpose of this Master Contract is to enable eligible purchasers to purchase the goods and/or services as set forth herein.

AGREEMENT

NOW THEREFORE, in consideration of the mutual promises, covenants, and conditions set forth herein, the Parties hereto hereby agree as follows:

1. TERM. The term of this Master Contract is six (6) years. The six (6) year term shall commence December 1, 2018 and end on November 30, 2024.

2. ELIGIBLE PURCHASERS. This Master Contract may be utilized by any of the following types of entities ("Purchaser"):

2.1. WASHINGTON STATE AGENCIES. This Master Contract may be utilized by:

- Washington state agencies, departments, offices, divisions, boards, and commission; and
- Any the following institutions of higher education: state universities, regional universities, state college, community colleges, and technical colleges.

2.2. MCUA PARTIES. This Master Contract also may be utilized by any of the following types of entities that have executed a Master Contract Usage Agreement with Enterprise Services:

- Political subdivisions (e.g., counties, cities, school districts, public utility districts);
- Federal governmental agencies or entities;
- Public-benefit nonprofit corporations (i.e., § 501(c)(3) nonprofit corporations that receive federal, state, or local funding); and
- Federally-recognized Indian Tribes located in the State of Washington.
- The Master Contract also will be available for use by the Oregon Cooperative Purchasing Program (ORCPP).

3. SCOPE – INCLUDED GOODS/SERVICES AND PRICE.

3.1. CONTRACT SCOPE. Pursuant to this Master Contract, Contractor is authorized to sell Survey and Mapping Equipment & Supplies or maintenance along with any relevant accessories for the prices set forth in *Exhibit B – Brand Specifications & Price Evaluation.* Contractor shall not represent to any Purchaser under this Master Contract that Contractor has contractual authority to sell any goods and/or services beyond those set forth in this Master Contract.

3.2. STATE'S ABILITY TO MODIFY SCOPE OF MASTER CONTRACT. Subject to mutual agreement between the Parties, Enterprise Services reserves the right to modify the goods and/or services included in this Master Contract; *Provided*, however, that any such modification shall be effective only upon thirty (30) days advance written notice; and *Provided further*, that any such modification must be within the scope of this Master Contract.

3.3. ECONOMIC ADJUSTMENT. Beginning thirty six (36) months after the effective date of this Master Contract and for every annual anniversary thereafter, the prices set forth in *Exhibit B* shall be adjusted, based upon the percent changes (whether up or down) in the United States Department of Labor, Bureau of Labor and Statistics (BLS) Producer Price Index (PPI) *Survey and drafting instruments apparatus (Series ID: PCU3345193345199)*, for the most recent year. All calculations for the index shall be based upon the latest version of data published as of March 1 each year. If an index is recoded, that is the replacement is a direct substitute according to the BLS, this Contract will instead use the recode. If an index becomes unavailable, Enterprise Services shall substitute a proxy index. If there is not a direct substitute, the next higher aggregate index available will be used. The economic adjustment shall be calculated as follows:

New Price = Old Price x (Current Period Index/Base Period Index).

3.4. PRICE CEILING. Although Contractor may offer lower prices to Purchasers, during the term of this Master Contract (e.g. volume discount), Contractor guarantees to provide the Goods/Services at no greater than the prices set forth in *Exhibit B – Brand Specifications & Price Evaluation* (subject to economic adjustment as set forth herein).

3.5. MASTER CONTRACT INFORMATION. Enterprise Services shall maintain and provide information regarding this Master Contract, including scope and pricing, to eligible Purchasers. This information may be accessible by the general public via Enterprise Services website or disclosed as part of a public information request.

4. CONTRACTOR REPRESENTATIONS AND WARRANTIES. Contractor makes each of the following representations and warranties as of the effective date of this Master Contract and at the time any order is placed pursuant to this Master Contract. If, at the time of any such order, Contractor cannot

make such representations and warranties, Contractor shall not process any orders and shall, within three (3) business days notify Enterprise Services, in writing, of such breach.

4.1. QUALIFIED TO DO BUSINESS. Contractor represents and warrants that it is in good standing and qualified to do business in the State of Washington, that it is registered with the Washington State Department of Revenue and the Washington Secretary of State, that it possesses and shall keep current all required licenses and/or approvals, and that it is current, in full compliance, and has paid all applicable taxes owed to the State of Washington.

4.2. EXECUTIVE ORDER 18-03 – WORKERS' RIGHTS (MANDATORY INDIVIDUAL ARBITRATION). Contractor represents and warrants, as previously certified in Contractor's bid submission, that Contractor does NOT require its employees, as a condition of employment, to sign or agree to mandatory individual arbitration clauses or class or collective action waivers. Contractor further represents and warrants that, during the term of this Master Contract, Contractor shall not, as a condition of employment, require its employees to sign or agree to mandatory individual arbitration clauses or class or collective action waivers.

4.3. SUSPENSION & DEBARMENT. Contractor represents and warrants that neither it nor its principals or affiliates presently are debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in any governmental contract by any governmental department or agency within the United States.

4.4. QUALITY OF GOODS OR SERVICES. Contractor represents and warrants that any goods and/or services sold pursuant to this Master Contract shall be merchantable, shall conform to this Master Contract and Purchaser's Purchase Order, shall be fit and safe for the intended purposes, shall be free from defects in materials and workmanship, and shall be produced and delivered in full compliance with applicable law. Contractor further represents and warrants it has clear title to the goods and that the same shall be delivered free of liens and encumbrances and that the same do not infringe any third party patent. Upon breach of warranty, Contractor will repair or replace (at no charge to Purchaser) any goods and/or services whose nonconformance is discovered and made known to the Contractor. If, in Purchaser's judgment, repair or replacement is inadequate, or fails of its essential purpose, Contractor will refund the full amount of any payments that have been made. The rights and remedies of the Parties under this warranty are in addition to any other rights and remedies of the Parties provided by law or equity, including, without limitation, actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys' fees and costs.

4.5. PRODUCT WARRANTIES. Contractor represents and warrants that all goods and services with an active warranty purchased or provided under this Contract shall be governed under the Contractor warranty policy terms included in *Exhibit C*.

4.6. WAGE VIOLATIONS. Contractor represents and warrants that, during the term of this Master Contract and the three (3) year period immediately preceding the award of the Master Contract, it is not determined, by a final and binding citation and notice of assessment issued by the Washington Department of Labor and Industries or through a civil judgment entered by a court of limited or general jurisdiction, to be in willful violation of any provision of Washington state wage laws set forth in RCW chapters 49.46, 49.48, or 49.52.

4.7. PAY EQUALITY. Contractor represents and warrants that, as required by Washington state law (Laws of 2017, Chap. 1, § 147), during the term of this Master Contract for the time period of July 1, 2017 through June 30, 2019, it agrees to equality among its workers by ensuring

similarly employed individuals are compensated as equals. For purposes of this provision, employees are similarly employed if the individuals work for the same employer, the performance of the job requires comparable skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed. Contractor may allow differentials in compensation for its workers based in good faith on any of the following: a seniority system; a merit system; a system that measures earnings by quantity or quality of production; a bona fide job-related factor or factors; or a bona fide regional difference in compensation levels. A bona fide job-related factor or factors may include, but not be limited to, education, training, or experience, that is: consistent with business necessity; not based on or derived from a gender-based differential; and accounts for the entire differential. A bona fide regional difference in compensation level must be consistent with business necessity; not based on or derived from a gender-based differential; and account for the entire differential. Notwithstanding any provision to the contrary, upon breach of warranty and Contractor's failure to provide satisfactory evidence of compliance within thirty (30) days, Enterprise Services may suspend or terminate this Master Contract and any Purchaser hereunder similarly may suspend or terminate its use of the Master Contract and/or any agreement entered into pursuant to the Master Contract.

4.8. PROCUREMENT ETHICS & PROHIBITION ON GIFTS. Contractor represents and warrants that it complies fully with all applicable procurement ethics restrictions including, but not limited to, restrictions against Contractor providing gifts or anything of economic value, directly or indirectly, to Purchasers' employees.

4.9. WASHINGTON'S ELECTRONIC BUSINESS SOLUTION (WEBS). Contractor represents and warrants that it is registered in Washington's Electronic Business Solution (WEBS), Washington's contract registration system and that, all of its information therein is current and accurate and that throughout the term of this Master Contract, Contractor shall maintain an accurate profile in WEBS.

4.10. STATEWIDE PAYEE DESK. Contractor represents and warrants that it is registered with the Statewide Payee Desk, which registration is a condition to payment.

4.11. MASTER CONTRACT PROMOTION; ADVERTISING AND ENDORSEMENT. Contractor represents and warrants that it shall use commercially reasonable efforts both to promote and market the use of this Master Contract with eligible Purchasers and to ensure that those entities that utilize this Master Contract are eligible Purchasers. Contractor understands and acknowledges that neither Enterprise Services nor Purchasers are endorsing Contractor's goods and/or services or suggesting that such goods and/or services are the best or only solution to their needs. Accordingly, Contractor represents and warrants that it shall make no reference to Enterprise Services, any Purchaser, or the State of Washington in any promotional material without the prior written consent of Enterprise Services.

4.12. MASTER CONTRACT TRANSITION. Contractor represents and warrants that, in the event this Master Contract or a similar contract, is transitioned to another contractor (e.g., Master Contract expiration or termination), Contractor shall use commercially reasonable efforts to assist Enterprise Services for a period of sixty (60) days to effectuate a smooth transition to another contractor to minimize disruption of service and/or costs to the State of Washington.

5. CONTRACTOR RESPONSIBILITIES.

5.1. SERVICE AND MAINTENANCE SUPPORT. All warranty or maintenance services to be performed on equipment purchased under this contract as well as any associated hardware or software shall be performed by manufacturer certified technicians properly trained and/or authorized to perform such services.

For survey equipment there must be a manufacturer authorized warranty and repair station located in the state of Washington or Portland, Oregon area.

5.2. LOANER EQUIPMENT. At Purchasers request loaner equipment will be provided at no charge for any repairs required during the first year and during any extended warranty period.

Loaner equipment does not have to be the same model, but must perform the same functions as the equipment being repaired. The Contractor shall be responsible for any shipping and delivery charges associated with providing equipment loaners.

5.3. EXCESSIVE SERVICE AND DOWNTIME. Equipment purchased under this contract that develops a trend of requiring an excessive number of service calls or repairs shall be reported by the Purchaser to the Contractor.

Purchaser shall have the option to have individual equipment items replaced at no additional cost if more than three (3) warranty service calls occur within six (6) months of delivery date of new or replaced equipment. Replaced equipment will be new and shall meet all applicable manufacturer specifications.

5.4. DEALER AUTHORIZATION. The Contractor, if other than the manufacturer, shall provide upon request a current, dated, and signed authorization from the manufacturer that the Contractor is an authorized distributor, dealer or service representative and is authorized to sell and service the manufacturer's products. Failure to provide such authorization upon request will result in Contract cancellation.

5.5. USE OF SUBCONTRACTORS. Contractor agrees to take complete responsibility for all actions of subcontractors performed in furtherance of this Contract.

Upon request by Enterprise Services Contractor shall provide the name, the nature of services performed, address, telephone, facsimile, e-mail federal tax identification number (TIN) of subcontractors under the contract.

Enterprise Services reserves the right to approve or reject any subcontractors who will perform services in fulfillment of Contract requirements. Specific restrictions apply to contracting with current or former state employees pursuant to Chapter RCW 42.52.

6. SECURITY.

6.1. SECURITY COMPLIANCE. Contractor is responsible for establishing an information security program and maintaining physical, technical, administrative, and organizational safeguards that comply with applicable industry standards and guidelines.

Contractor shall materially comply with Washington Office of the Chief Information Officer (OCIO) statewide information technology policies *141.10 – Securing Information Technology Assets Standards* and *188 - Accessibility*, as applicable, for Purchaser and for Contractor's products implemented by Purchaser. Such policies are located on the OCIO website at: https://ocio.wa.gov//policies.

6.2. DATA BREACH. Contractor must have an incident response process that follows National Institute of Standards and Technology (NIST) standards and includes breach detection, breach

notification and breach response. Upon discovery or reasonable belief of any access, destruction, loss, theft, use or disclosure of Purchaser's data by an unauthorized party ("Data Breach"), Contractor shall notify Purchaser by the fastest means available and also in writing. Contractor shall provide such notification within forty-eight (48) hours after Contractor reasonably believes there has been such a Data Breach. Contractor's notification shall identify:

- The nature of the Data Breach;
- The Data accessed, used or disclosed;
- The person(s) who accessed, used, disclosed and/or received Data (if known);
- What Contractor has done or will do to quarantine and mitigate the Data Breach; and
- What corrective action Contractor has taken or will take to prevent future Data Breaches.

Contractor shall quarantine the Data Breach, ensure secure access to Data, and restore goods and/or services as needed to comply with terms and conditions of this Master Contract. Contractor shall conduct an investigation of the Data Breach and shall share the report of the investigation with Purchaser.

In the event of a Data Breach, Contractor agrees to comply with all applicable law, including but not limited to Revised Code of Washington (RCW) 19.255.010 and RCW 42.56.590. If a Data Breach occurs and is found to be the result of Contractor's acts, omissions or negligence, Contractor shall assume complete responsibility for notification of affected Parties, and be liable for all associated costs incurred, up to the Contractor's insurance limit, by Purchaser in responding to or recovering from the Data Breach.

7. USING THE MASTER CONTRACT – PURCHASES.

7.1. ORDERING REQUIREMENTS. Eligible Purchasers shall order goods and/or services from this Master Contract, consistent with the terms hereof and by using any ordering mechanism agreeable both to Contractor and Purchaser but, at a minimum, including the use of a purchase order. When practicable, Contractor and Purchaser also shall use telephone orders, email orders, web-based orders, and similar procurement methods (collectively "Purchaser Order"). All order documents must reference the Master Contract number.

7.2. DELIVERY REQUIREMENTS. Contractor must ensure that delivery of goods and/or services will be made as required by this Master Contract, the Purchase Order used by Purchasers, or as otherwise mutually agreed in writing between the Purchaser and Contractor. The following apply to all deliveries:

(a) Contractor shall make all deliveries to the applicable delivery location specified in the Purchase Order. Such deliveries shall occur during Purchaser's normal work hours and within the time period mutually agreed in writing between Purchaser and Contractor at the time of order placement.

(b) Contractor shall ship all goods and/or services purchased pursuant to this Master Contract, freight charges prepaid by Contractor, FOB Purchaser's specified destination with all transportation and handling charges included. Contractor shall bear all risk of loss, damage, or destruction of the goods and/or services

ordered hereunder that occurs prior to delivery, except loss or damage attributable to Purchaser's fault or negligence.

(c) All packing lists, packages, instruction manuals, correspondence, shipping notices, shipping containers, and other written materials associated with this Master Contract shall be identified by the Master Contract number set forth on the cover of this Master Contract and the applicable Purchaser's Purchase Order number. Packing lists shall be enclosed with each shipment and clearly identify all contents and any backorders.

7.3. RECEIPT AND INSPECTION OF GOODS AND/OR SERVICES. Goods and/or services purchased under this Master Contract are subject to Purchaser's reasonable inspection, testing, and approval at Purchaser's destination. Purchaser reserves the right to reject and refuse acceptance of goods and/or services that are not in accordance with this Master Contract and Purchaser's Purchase Order. Purchaser may charge Contractor for the cost of inspecting rejected goods. If there are any apparent defects in the goods and/or services at the time of delivery, Purchaser promptly will notify Contractor. At Purchaser's option, and without limiting any other rights, Purchaser may require Contractor to repair or replace, at Contractor's expense, any or all of the damaged goods and/or services or, at Purchaser's option, Purchaser may note any damage to the goods and/or services on the receiving report, decline acceptance, and deduct the cost of rejected goods and/or services from final payment. Payment for any goods under such Purchase Order shall not be deemed acceptance of the goods.

7.4. ON SITE REQUIREMENTS. While on Purchaser's premises, Contractor, its agents, employees, or subcontractors shall comply, in all respects, with Purchaser's physical, fire, access, safety, and other security requirements.

8. INVOICING & PAYMENT.

8.1. CONTRACTOR INVOICE. Contractor shall submit to Purchaser's designated invoicing contact properly itemized invoices. Such invoices shall itemize the following:

(a) Master Contract No. 02918

(b) Contractor name, address, telephone number, and email address for billing issues (i.e., Contractor Customer Service Representative)

(c) Contractor's Federal Tax Identification Number

(d) Date(s) of delivery

(e) Invoice amount; and

(f) Payment terms, including any available prompt payment discounts.

Contractor's invoices for payment shall reflect accurate Master Contract prices. Invoices will not be processed for payment until receipt of a complete invoice as specified herein.

8.2. PAYMENT. Payment is the sole responsibility of, and will be made by, the Purchaser. Payment is due within thirty (30) days of invoice. If Purchaser fails to make timely payment(s), Contractor may invoice Purchaser in the amount of one percent (1%) per month on the amount overdue or a minimum of $1. Payment will not be considered late if a check or warrant is mailed within the time specified.

8.3. OVERPAYMENTS. Contractor promptly shall refund to Purchaser the full amount of any erroneous payment or overpayment. Such refunds shall occur within thirty (30) days of

written notice to Contractor; *Provided*, however, that Purchaser shall have the right to elect to have either direct payments or written credit memos issued. If Contractor fails to make timely payment(s) or issuance of such credit memos, Purchaser may impose a one percent (1%) per month on the amount overdue thirty (30) days after notice to the Contractor.

8.4. NO ADVANCE PAYMENT. No advance payments shall be made for any products or services furnished by Contractor pursuant to this Master Contract.

8.5. NO ADDITIONAL CHARGES. Unless otherwise specified herein, Contractor shall not include or impose any additional charges including, but not limited to, charges for shipping, handling, or payment processing.

8.6. TAXES/FEES. Contractor promptly shall pay all applicable taxes on its operations and activities pertaining to this Master Contract. Failure to do so shall constitute breach of this Master Contract. Unless otherwise agreed, Purchaser shall pay applicable sales tax imposed by the State of Washington on purchased goods and/or services. Contractor, however, shall not make any charge for federal excise taxes and Purchaser agrees to furnish Contractor with an exemption certificate where appropriate.

9. CONTRACT MANAGEMENT.

9.1. CONTRACT ADMINISTRATION & NOTICES. Except for legal notices, the Parties hereby designate the following contract administrators as the respective single points of contact for purposes of this Master Contract. Enterprise Services' contract administrator shall provide Master Contract oversight. Contractor's contract administrator shall be Contractor's principal contact for business activities under this Master Contract. The Parties may change contractor administrators by written notice as set forth below.

Any notices required or desired shall be in writing and sent by U.S. mail, postage prepaid, or sent via email, and shall be sent to the respective addressee at the respective address or email address set forth below or to such other address or email address as the Parties may specify in writing:

10. CONTRACTOR SALES REPORTING; VENDOR MANAGEMENT FEE; & CONTRACTOR REPORTS.

10.1. MASTER CONTRACT SALES REPORTING. Contractor shall report total Master Contract sales quarterly to Enterprise Services, as set forth below.

- Master Contract Sales Reporting System. Contractor shall report quarterly Master Contract sales in Enterprise Services' Master Contract Sales Reporting System. Enterprise Services will provide Contractor with a login password and a vendor number. The password and vendor number will be provided to the Sales Reporting Representative(s) listed on Contractor's Bidder Profile.
- Data. Each sales report must identify every authorized Purchaser by name as it is known to Enterprise Services and its total combined sales amount invoiced during the reporting period (i.e., sales of an entire agency or political subdivision, not its individual subsections). The "Miscellaneous" option may be used only with prior approval by Enterprise Services. Upon request, Contractor shall provide contact information for all authorized purchasers specified herein during the term of the Master Contract. If there are no Master Contract sales during the reporting period, Contractor must report zero sales.
- Due dates for Master Contract Sales Reporting. Quarterly Master Contract Sales Reports must be submitted electronically by the following deadlines for all sales invoiced during the applicable calendar quarter:

FOR CALENDAR QUARTER ENDING	MASTER CONTRACT SALES REPORT DUE
March 31:	April 30
June 30:	July 31
September 30:	October 31
December 31:	January 31

10.2. VENDOR MANAGEMENT FEE. Contractor shall pay to Enterprise Services a vendor management fee ("VMF") of 1.50 percent on the purchase price for all Master Contract sales (the purchase price is the total invoice price less applicable sales tax).

- The sum owed by Contractor to Enterprise Services as a result of the VMF is calculated as follows:

  Amount owed to Enterprise Services = Total Master Contract sales invoiced (not including sales tax) x .0150.

- The VMF must be rolled into Contractor's current pricing. The VMF must not be shown as a separate line item on any invoice unless specifically requested and approved by Enterprise Services.

- Enterprise Services will invoice Contractor quarterly based on Master Contract sales reported by Contractor. Contractors are not to remit payment until they receive an invoice from Enterprise Services. Contractor's VMF payment to Enterprise Services must reference this Master Contract number, work request number (if applicable), the year and quarter for which the VMF is being remitted, and the Contractor's name as set forth in this Master Contract, if not already included on the face of the check.

- Failure to accurately report total net sales, to submit a timely usage report, or remit timely payment of the VMF, may be cause for Master Contract termination or the exercise of other remedies provided by law. Without limiting any other available remedies, the Parties agree that Contractor's failure to remit to Enterprise Services timely payment of the VMF shall obligate Contractor to pay to Enterprise Services, to offset the administrative and transaction costs incurred by the State to identify, process, and collect such sums. The sum of $200.00 or twenty-five percent (25%) of the outstanding amount, whichever is greater, or the maximum allowed by law, if less.

- Enterprise Services reserves the right, upon thirty (30) days advance written notice, to increase, reduce, or eliminate the VMF for subsequent purchases, and reserves the right to renegotiate Master Contract pricing with Contractor when any subsequent adjustment of the VMF might justify a change in pricing.

10.3. ANNUAL MASTER CONTRACT SALES REPORT. Contractor shall provide to Enterprise Services a detailed annual Master Contract sales report. Such report shall include, at a minimum: Product description, part number or other Product identifier, per unit quantities sold, and Master Contract price. This report must be provided in an electronic format that can be read by MS Excel.

10.4. SMALL BUSINESS INCLUSION. Upon Request by Enterprise Services, Contractor shall provide, within thirty (30) days, an Affidavit of Amounts Paid. Such Affidavit of Amounts Paid either shall state, if applicable, that Contractor still maintains its MWBE certification or state that its subcontractor(s) still maintain(s) its/their MWBE certification(s) and specify the amounts paid to each certified MWBE subcontractor under this Master Contract. Contractor shall maintain records supporting the Affidavit of Amounts Paid in accordance with this Master Contract's records retention requirements.

11. RECORDS RETENTION & AUDITS.

11.1. RECORDS RETENTION. Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Contract and orders placed by Purchasers under it to the extent and in such detail as shall adequately reflect performance and administration of payments and

fees. Contractor shall retain such records for a period of six (6) years following expiration or termination of this Master Contract or final payment for any order placed by a Purchaser against this Master Contract, whichever is later; *Provided*, however, that if any litigation, claim, or audit is commenced prior to the expiration of this period, such period shall extend until all such litigation, claims, or audits have been resolved.

11.2. AUDIT. Enterprise Services reserves the right to audit, or have a designated third party audit, applicable records to ensure that Contractor has properly invoiced Purchasers and that Contractor has paid all applicable contract management fees. Accordingly, Contractor shall permit Enterprise Services, any Purchaser, and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and/or transcribe Contractor's books, documents, papers and records directly pertinent to this Master Contract or orders placed by a Purchaser under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following expiration or termination of this Master Contract or final payment for any order placed by a Purchaser against this Master Contract, whichever is later; *Provided*, however, that if any litigation, claim, or audit is commenced prior to the expiration of this period, such period shall extend until all such litigation, claims, or audits have been resolved.

11.3. OVERPAYMENT OF PURCHASES OR UNDERPAYMENT OF FEES. Without limiting any other remedy available to any Purchaser, Contractor shall (a) reimburse Purchasers for any overpayments inconsistent with the terms of this Master Contract or orders, at a rate of 125% of such overpayments, found as a result of the examination of the Contractor's records; and (b) reimburse Enterprise Services for any underpayment of fees, at a rate of 125% of such fees found as a result of the examination of the Contractor's records (e.g., if Contractor underpays the Vendor Management Fee by $500, Contractor would be required to pay to Enterprise Services $500 x 1.25 = $625).

11.4. PUBLIC INFORMATION. This Master Contract, all related documents, and all records created as a result of the Master Contract, are subject to public disclosure as required by Washington's Public Records Act, RCW chapter 42.56. Consistent with the Public Records Act, to the extent that any such Contractor document or record – in whole or in part – includes information exempted or protected from disclosure by the Public Records Act, Contractor may mark such document or record – the exempted or protected portions only – with the specific basis for protection under the Public Records Act. In the event that Enterprise Services receives a public records disclosure request that pertains to such properly marked documents or records, Enterprise Services shall notify Contractor of such disclosure request and of the date that the records will be released to the requester unless Contractor, at Contractor's sole expense, timely obtains a court order enjoining such disclosure. In the event Contractor fails to file a motion for a court order enjoining such disclosure, Enterprise Services shall release the requested documents on the date specified. Contractor's failure properly to identify exempted or protected information or timely respond after notice of request for public disclosure has been given shall be deemed a waiver by Contractor of any claim that such materials are protected or exempt from disclosure.

12. INSURANCE.

12.1. INSURANCE OBLIGATION. During the Term of this Master Contract, Contractor obtain and maintain in full force and effect, at Contractor's sole expense, insurance coverage as detailed in *Exhibit A* of this document.

12.2. WORKERS COMPENSATION. Contractor shall comply with applicable workers compensation statutes and regulations (e.g., RCW Title 51, Industrial Insurance). If Contractor fails to provide industrial insurance coverage or fails to pay premiums or penalties on behalf of its employees as may be required by law, Enterprise Services may terminate this Master Contract. This provision does not waive any of the Washington State Department of Labor and Industries (L&I) rights to collect from Contractor. In addition, Contractor waives its immunity under RCW Title 51 to the extent it is required to indemnify, defend, and hold harmless the State of Washington and its agencies, officials, agents, or employees.

13. CLAIMS.

13.1. ASSUMPTION OF RISKS; CLAIMS BETWEEN THE PARTIES. Contractor assumes sole responsibility and all risks of personal injury or property damage to itself and its employees and agents, in connection with Contractor's operations under this Master Contract. Enterprise Services has made no representations regarding any factor affecting Contractor's risks. Contractor shall pay for all damage to any Purchaser's property resulting directly or indirectly from its acts or omissions under this Master Contract, even if not attributable to negligence by Contractor or its agents.

13.2. THIRD-PARTY CLAIMS; INDEMNITY. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless Enterprise Services and any Purchaser and their employees and agents from and against all claims, demands, judgments, assessments, damages, penalties, fines, costs, liabilities or losses including, without limitation, sums paid in settlement of claims, attorneys' fees, consultant fees, and expert fees (collectively "claims") arising from any act or omission of Contractor or its successors, agents, and subcontractors under this Master Contract, except claims caused solely by Enterprise Services or any Purchasers' negligence. Contractor shall take all steps needed to keep Purchaser's property free of liens arising from Contractor's activities, and promptly obtain or bond the release of any such liens that may be filed.

14. DISPUTE RESOLUTION. The Parties shall cooperate to resolve any dispute pertaining to this Master Contract efficiently, as timely as practicable, and at the lowest possible level with authority to resolve such dispute. If, however, a dispute persists and cannot be resolved, it may be escalated within each organization. In such situation, upon notice by either party, each party, within five (5) business days shall reduce its description of the dispute to writing and deliver it to the other party. The receiving party then shall have three (3) business days to review and respond in writing. In the event that the Parties cannot then agree on a resolution of the dispute, the Parties shall schedule a conference between the respective senior manager of each organization to attempt to resolve the dispute. In the event the Parties cannot agree, either party may resort to court to resolve the dispute.

15. SUSPENSION & TERMINATION; REMEDIES.

15.1. SUSPENSION & TERMINATION FOR DEFAULT. Enterprise Services may suspend Contractor's operations under this Master Contract immediately by written cure notice of any default. Suspension shall continue until the default is remedied to Enterprise Services' reasonable satisfaction; *Provided*, however, that, if after thirty (30) days from such a suspension notice, Contractor remains in default, Enterprise Services may terminate Contractor's rights under this Master Contract. All of Contractor's obligations to Enterprise Services and Purchasers survive termination of Contractor's rights under this Master Contract, until such obligations have been fulfilled.

15.2. DEFAULT. Each of the following events shall constitute default of this Master Contract by Contractor:

(a) Contractor fails to perform or comply with any of the terms or conditions of this Master Contract including, but not limited to, Contractor's obligation to pay vendor management fees when due;

(b) Contractor breaches any representation or warranty provided herein; or

(c) Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary.

15.3. REMEDIES FOR DEFAULT.

(a) Enterprise Services' rights to suspend and terminate Contractor's rights under this Master Contract are in addition to all other available remedies.

(b) In the event of termination for default, Enterprise Services may exercise any remedy provided by law including, without limitation, the right to procure for all Purchasers replacement goods and/or services. In such event, Contractor shall be liable to Enterprise Services for damages as authorized by law including, but not limited to, any price difference between the Master Contract price and the replacement or cover price as well as any administrative and/or transaction costs directly related to such replacement procurement – e.g., the cost of the competitive procurement.

15.4. LIMITATION ON DAMAGES. Notwithstanding any provision to the contrary, the Parties agree that in no event shall any party or Purchaser be liable to the other for exemplary or punitive damages.

15.5. GOVERNMENTAL TERMINATION.

(a) Termination for Withdrawal of Authority. Enterprise Services may suspend or terminate this Master Contract if, during the term hereof, Enterprise Services' procurement authority is withdrawn, reduced, or limited such that Enterprise Services, in its judgment, would lack authority to enter into this Master Contract; *Provided*, however, that such suspension or termination for withdrawal of authority shall only be effective upon twenty (20) days prior written notice; and *Provided further*, that such suspension or termination for withdrawal of authority shall not relieve any Purchaser from payment for goods and/or services already ordered as of the effective date of such notice. Except as stated in this provision, in the event of such suspension or termination for withdrawal of authority, neither Enterprise Services nor any Purchaser shall have any obligation or liability to Contractor.

(b) Termination for Convenience. Enterprise Services, for convenience, may terminate this Master Contract; *Provided*, however, that such termination for convenience must, in Enterprise Services' judgment, be in the best interest of the State of Washington; and *Provided further*, that such termination for convenience shall only be effective upon sixty (60) days prior written notice; and *Provided further*, that such termination for convenience shall not relieve any Purchaser from payment for goods and/or services already ordered as of the effective date of such notice. Except as stated in this provision, in the event of such termination for convenience, neither Enterprise Services nor any Purchaser shall have any obligation or liability to Contractor.

15.6. TERMINATION PROCEDURE. Regardless of basis, in the event of suspension or termination (in full or in part), the Parties shall cooperate to ensure an orderly and efficient suspension or termination. Accordingly, Contractor shall deliver to Purchasers all goods and/or services that are complete (or with approval from Enterprise Services, substantially complete) and Purchasers shall inspect, accept, and pay for the same in accordance with this Master Contract and the applicable Purchase Order. Unless directed by Enterprise Services to the contrary, Contractor shall not process any orders after notice of suspension or termination inconsistent therewith.

16. GENERAL PROVISIONS.

16.1. TIME IS OF THE ESSENCE. Time is of the essence for each and every provision of this Master Contract.

16.2. COMPLIANCE WITH LAW. Contractor shall comply with all applicable law.

16.3. INTEGRATED AGREEMENT. This Master Contract constitutes the entire agreement and understanding of the Parties with respect to the subject matter and supersedes all prior negotiations, representations, and understandings between them. There are no representations or understandings of any kind not set forth herein.

16.4. AMENDMENT OR MODIFICATION. Except as set forth herein, this Master Contract may not be amended or modified except in writing and signed by a duly authorized representative of each party.

16.5. AUTHORITY. Each party to this Master Contract, and each individual signing on behalf of each party, hereby represents and warrants to the other that it has full power and authority to enter into this Master Contract and that its execution, delivery, and performance of this Master Contract has been fully authorized and approved, and that no further approvals or consents are required to bind such party.

16.6. NO AGENCY. The Parties agree that no agency, partnership, or joint venture of any kind shall be or is intended to be created by or under this Master Contract. Neither party is an agent of the other party nor authorized to obligate it.

16.7. ASSIGNMENT. Contractor may not assign its rights under this Master Contract without Enterprise Services' prior written consent and Enterprise Services may consider any attempted assignment without such consent to be void; *Provided*, however, that, if Contractor provides written notice to Enterprise Services within thirty (30) days, Contractor may assign its rights under this Master Contract in full to any parent, subsidiary, or affiliate of Contractor that controls or is controlled by or under common control with Contractor, is merged or consolidated with Contractor, or purchases a majority or controlling interest in the ownership or assets of Contractor. Unless otherwise agreed, Contractor guarantees prompt performance of all obligations under this Master Contract notwithstanding any prior assignment of its rights.

16.8. BINDING EFFECT; SUCCESSORS & ASSIGNS. This Master Contract shall be binding upon and shall inure to the benefit of the Parties hereto and their respective successors and assigns.

16.9. ASSIGNMENT OF ANTITRUST RIGHTS REGARDING PURCHASED GOODS/SERVICES. Contractor irrevocably assigns to Enterprise Services, on behalf of the State of Washington, any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws in connection with any

goods and/or services provided in Washington for the purpose of carrying out the Contractor's obligations under this Master Contract, including, at Enterprise Services' option, the right to control any such litigation on such claim for relief or cause of action.

16.10. FEDERAL FUNDS. To the extent that any Purchaser uses federal funds to purchase goods and/or services pursuant to this Master Contract, such Purchaser shall specify, with its order, any applicable requirement or certification that must be satisfied by Contractor at the time the order is placed or upon delivery.

16.11. SEVERABILITY. If any provision of this Master Contract is held to be invalid or unenforceable, such provision shall not affect or invalidate the remainder of this Master Contract, and to this end the provisions of this Master Contract are declared to be severable. If such invalidity becomes known or apparent to the Parties, the Parties agree to negotiate promptly in good faith in an attempt to amend such provision as nearly as possible to be consistent with the intent of this Master Contract.

16.12. WAIVER. Failure of either party to insist upon the strict performance of any of the terms and conditions hereof, or failure to exercise any rights or remedies provided herein or by law, or to notify the other party in the event of breach, shall not release the other party of any of its obligations under this Master Contract, nor shall any purported oral modification or rescission of this Master Contract by either party operate as a waiver of any of the terms hereof. No waiver by either party of any breach, default, or violation of any term, warranty, representation, contract, covenant, right, condition, or provision hereof shall constitute waiver of any subsequent breach, default, or violation of the same or other term, warranty, representation, contract, covenant, right, condition, or provision.

16.13. SURVIVAL. All representations, warranties, covenants, agreements, and indemnities set forth in or otherwise made pursuant to this Master Contract shall survive and remain in effect following the expiration or termination of this Master Contract, *Provided*, however, that nothing herein is intended to extend the survival beyond any applicable statute of limitations periods.

16.14. GOVERNING LAW. The validity, construction, performance, and enforcement of this Master Contract shall be governed by and construed in accordance with the laws of the State of Washington, without regard to its choice of law rules.

16.15. JURISDICTION & VENUE. In the event that any action is brought to enforce any provision of this Master Contract, the Parties agree to exclusive jurisdiction in Thurston County Superior Court for the State of Washington and agree that in any such action venue shall lie exclusively at Olympia, Washington.

16.16. ATTORNEYS' FEES. Should any legal action or proceeding be commenced by either party in order to enforce this Master Contract or any provision hereof, or in connection with any alleged dispute, breach, default, or misrepresentation in connection with any provision herein contained, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs incurred in connection with such action or proceeding, including costs of pursuing or defending any legal action, including, without limitation, any appeal, discovery, or negotiation and preparation of settlement arrangements, in addition to such other relief as may be granted.

16.17. FAIR CONSTRUCTION & INTERPRETATION. The provisions of this Master Contract shall be construed as a whole according to their common meaning and not strictly for or against any party and

consistent with the provisions contained herein in order to achieve the objectives and purposes of this Master Contract. Each party hereto and its counsel has reviewed and revised this Master Contract and agrees that the normal rules of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be construed in the interpretation of this Master Contract. Each term and provision of this Master Contract to be performed by either party shall be construed to be both a covenant and a condition.

16.18. FURTHER ASSURANCES. In addition to the actions specifically mentioned in this Master Contract, the Parties shall each do whatever may reasonably be necessary to accomplish the transactions contemplated in this Master Contract including, without limitation, executing any additional documents reasonably necessary to effectuate the provisions and purposes of this Master Contract.

16.19. EXHIBITS. All exhibits referred to herein are deemed to be incorporated in this Master Contract in their entirety.

16.20. CAPTIONS & HEADINGS. The captions and headings in this Master Contract are for convenience only and are not intended to, and shall not be construed to, limit, enlarge, or affect the scope or intent of this Master Contract nor the meaning of any provisions hereof.

16.21. ELECTRONIC SIGNATURES. A signed copy of this Master Contract or any other ancillary agreement transmitted by facsimile, email, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original executed copy of this Master Contract or such other ancillary agreement for all purposes.

16.22. COUNTERPARTS. This Master Contract may be executed in any number of counterparts, each of which shall be deemed an original and all of which counterparts together shall constitute the same instrument which may be sufficiently evidenced by one counterpart. Execution of this Master Contract at different times and places by the Parties shall not affect the validity thereof so long as all the Parties hereto execute a counterpart of this Master Contract.

EXECUTED as of the date and year first above written.

EXHIBIT A

INSURANCE REQUIREMENTS

1. **INSURANCE OBLIGATION.** During the Term of this Master Contract, Contractor shall obtain and maintain in full force and effect, at Contractor's sole expense, the following insurance coverages:

   (a) COMMERCIAL GENERAL LIABILITY INSURANCE. Commercial General Liability Insurance (and, if necessary, commercial umbrella liability insurance) covering Bodily Injury and Property Damage on an 'occurrence form' in the amount of not less than $1,000,000 per occurrence and $2,000,000 general aggregate. This coverage shall include Contractual Liability insurance for the indemnity provided under this Master Contract.

   (b) COMMERCIAL AUTOMOBILE LIABILITY INSURANCE. 'Symbol 1' Commercial Automobile Liability coverage (and, if necessary, commercial umbrella liability insurance) including coverage for all owned, hired, and non-owned vehicles. The combined single limit per accident shall not be less than $1,000,000.

   (c) TECHNOLOGY ERRORS & OMISSIONS INSURANCE. Technology errors and omissions insurance, on an occurrence form. This coverage shall include Contractual Liability insurance for the indemnity provided under this Master Contract. Limits are $1,000,000 per claim/annual aggregate.

   (d) CRIME INSURANCE/EMPLOYEE DISHONESTY. Employee Dishonesty and (when applicable) Inside/Outside Money and Securities coverages for State of Washington and/or Purchaser-owned property in the care, custody, and control of Contractor. Coverage limits shall not be less than $1,000,000.

   The limits of all insurance required to be provided by Contractor shall be no less than the minimum amounts specified. Coverage in the amounts of these minimum limits, however, shall not be construed to relieve Contractor from liability in excess of such limits.

   A cross-liability clause or separation of insured condition shall be included in the general liability, policy required by this Master Contract.

2. **INSURANCE CARRIER RATING.** Coverages provided by the Contractor must be underwritten by an insurance company deemed acceptable to the State of Washington's Office of Risk Management. Insurance coverage shall be provided by companies authorized to do business within the State of Washington and rated A- Class VII or better in the most recently published edition of Best's Insurance Rating. Enterprise Services reserves the right to reject all or any insurance carrier(s) with an unacceptable financial rating.

3. **ADDITIONAL INSURED.** Except for Workers' Compensation, Professional Liability, Commercial Automobile Liability, and Pollution Liability Insurance, all required insurance shall include the State of Washington and all authorized Purchasers (and their agents, officers, and employees) as an Additional Insureds evidenced by copy of the Additional Insured Endorsement attached to the Certificate of Insurance on such insurance policies.

4. **CERTIFICATE OF INSURANCE.** Upon request by Enterprise Services, Contractor shall furnish to Enterprise Services, as evidence of the insurance coverage required by this Master Contract, a

certificate of insurance satisfactory to Enterprise Services that insurance, in the above-stated kinds and minimum amounts, has been secured. A renewal certificate shall be delivered to Enterprise Services no less than ten (10) days prior to coverage expiration. Failure to provide proof of insurance, as required, will result in contract cancellation. All policies and certificates of insurance shall include the Master Contract number stated on the cover of this Master Contract.

5. **PRIMARY COVERAGE.** Contractor's insurance shall apply as primary and shall not seek contribution from any insurance or self-insurance maintained by, or provided to, the additional insureds listed above including, at a minimum, the State of Washington and/or any Purchaser. All insurance or self-insurance of the State of Washington and/or Purchasers shall be excess of any insurance provided by Contractor or subcontractors.

6. **SUBCONTRACTORS.** Contractor shall include all subcontractors as insureds under all required insurance policies, or shall furnish separate Certificates of Insurance and endorsements for each subcontractor. Each subcontractor must comply fully with all insurance requirements stated herein. Failure of any subcontractor to comply with insurance requirements does not limit Contractor's liability or responsibility.

7. **WAIVER OF SUBROGATION.** Contractor waives all rights of subrogation against the State of Washington and any Purchaser for the recovery of damages to the extent such damages are or would be covered by the insurance specified herein.

8. **NOTICE OF CHANGE OR CANCELLATION.** There shall be no cancellation, material change, exhaustion of aggregate limits, or intent not to renew insurance coverage, either in whole or in part, without at least sixty (60) days prior written Legal Notice by Contractor to Enterprise Services. Failure to provide such notice, as required, shall constitute default by Contractor. Any such written notice shall include the Master Contract number stated on the cover of this Master Contract.

FIRST AMENDMENT
TO
CONTRACT NO. 02918
SURVEY AND MAPPING EQUIPMENT AND SUPPLIES

This First Amendment ("Amendment") to Contract No. 02918 is made and entered into by and between the State of Washington acting by and through the Department of Enterprise Services, a Washington State governmental agency ("State") and Trimble, Inc., a Delaware Corporation ("Contractor") and is dated and effective as of April 23, 2021.

RECITALS

A. State and Contractor (collectively the "Parties") entered into that certain Contract No. 02918 for Survey and Mapping Equipment and Supplies dated effective as of December 1, 2018 ("Contract").

B. The amendment set forth herein is within the scope of the Contract.

C. The Parties now desire to amend the Contract as set forth herein.

AGREEMENT

NOW THEREFORE, in consideration of the mutual covenants and agreements set forth herein, the Parties hereby agree to amend the Contract, as follows:

1. EXHIBIT B: Exhibit B is hereby updated by deleting the existing Exhibit B in its entirety and replacing with the attached. This includes:

    - "Brand Specifications & Price Evaluation" (updated 4.23.21)
    - Catalog "Trimble Survey USA" (updated 4.23.21)
    - Catalog "Trimble Spectra Precision"
    - Catalog "Trimble Rental"

    The updated exhibit shows all items available on contract, including deleted items no longer available through this Contractor (Deleted Effective 4/23/2021), and new items made available (Added Effective 4/23/2021) within the identified categories since the execution of this master contract.

2. NO CHANGE OTHER THAN AMENDMENT. Except as amended herein, the Contract is unaffected and remains in full force and effect.

3. INTEGRATED AGREEMENT; MODIFICATION. This Amendment constitutes the entire agreement and understanding of the Parties with respect to the subject matter and supersedes all prior negotiations and representations. In the event of any conflict between this Amendment and the Contract or any earlier amendment, this Amendment shall control and govern. This Amendment may not be modified except in writing signed by the Parties.

4. AUTHORITY. Each party to this Amendment, and each individual signing on behalf of each party, hereby represents and warrants to the other that it has full power and authority to enter into this Amendment and that its execution, delivery, and performance of this Amendment has been fully authorized and approved, and that no further approvals or consents are required to bind such party.

5. ELECTRONIC SIGNATURES. A signed copy of this Amendment or any other ancillary agreement transmitted by facsimile, email, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original executed copy of this Amendment or such other ancillary agreement for all purposes.

6. COUNTERPARTS. This Amendment may be executed in one or more counterparts, each of which shall be deemed an original, and all of which counterparts together shall constitute the same instrument which may be sufficiently evidenced by one counterpart. Execution of this Amendment at different times and places by the parties shall not affect the validity thereof so long as all the parties hereto execute a counterpart of this Amendment.

EXECUTED AND EFFECTIVE as of the day and date first above written.

Warranty or Customer Care Subscription Annual Fees

Provide the maintenance/warranty/subscription rates for your products by brand. Customer would prefer a full warranty covering all software and hardware for a term of five (5) years (payable annually) coverage from the date of reciept and protection from obsolescence. Stakeholders are willing to consider other warranty alternatives on the merits. Please list the pricing data for any maintenance/warranty/subscription options including any cost minimums. Add lines as necessary. *Subscription fees have to include all support and maintenance (if maintenance is not included, please list it as a separate line item). Add lines as necessary and explanation of pricing model variations, if any. NOTE: DES has to be able to calculate cost per license for software subscription.*	1 Year Commitment	2 Year Commitment	3 Year Commitment	4 Year Commitment	5 Year Commitment

SP80 GNSS Receiver

The Spectra Precision SP80 is a new generation GNSS receiver. The SP80 uses a unique, all signal tracking and processing Z-Blade technology to provide the most reliable measurements and the highest possible accuracies. It also offers the best communications and connectivity capabilities available today including SMS and email alerts and anti-theft protection. The ergonomic design and unlimited operating time make the SP80 an extremely versatile and complete solution.

Note: To activate radio frequencies in any SP80 requires ADLConf software and PCC-A02672 ADLConf Dealer Hardware Lock Kit.

SP60 GNSS Receiver

The Spectra Precision SP60 is a new generation GNSS receiver offering a high level of flexibility to cover any survey demand from simple post-processing, through UHF or Long Range Bluetooth base and rover systems to sophisticated RTK and RTX rover solutions. Combining the unique all-signals-tracking and processing Z-Blade GNSS-centric technology and L-band capability for satellite-delivered RTX services, the SP60 GNSS receiver provides the most reliable measurements and the highest possible accuracy under any conditions and in any place in the world.

Note: To activate radio frequencies in any SP60 requires ADLConf software and PCC-A02672 ADLConf Dealer Hardware Lock Kit.

SP20

The Spectra Precision SP20 handheld GNSS receiver combines innovative, camera- enabled data collection workflow with a high level of performance in an ergonomic, scalable solution (from meter to cm accuracy).
Rugged and lightweight, the SP20 is easy-to-use and highly accurate. It is the optimal tool not only for cadastral, construction, or topo surveys, but also for a range of GIS projects, including data collection, inspection and maintenance.
The 5.3-inch screen delivers vivid visuals of the workflow, which enables precise 2D handheld logging. And the system's high degree of accuracy can be enhanced with a monopole accessory to deliver solid, survey-grade 3D measurements.
Whatever type of geospatial work you're performing, turn to the easy-to-use SP20 handheld that consistently delivers highly accurate results

SP90m GNSS Receiver

The Spectra Precision SP90m is a powerful, highly versatile, ultra-rugged, and reliable GNSS positioning solution for a wide variety of applications in real-time and post-processing. It also comes with a variety of integrated communications options, such as Bluetooth, WiFi, UHF radio, cellular modem, and two MSS L-band channels to receive Trimble RTX correction services. The modular form factor of the SP90m allows for a maximum in flexibility on how the receiver can be used, such as base station, continuously operating reference station (CORS), RTK or Trimble RTX rover, on-board machine integration, vessels, etc.

Note: **To order a complete SP90m GNSS Receiver, please follow these steps**

1. Select a SP90m GNSS receiver model (non-geofenced WW models, geofenced China and Latin America models).
2. Add a country specific power cord.
3. Add a GNSS antenna and GNSS antenna cable.

ProFlex 800 GNSS Receiver

The ProFlex 800 GNSS receiver is a multi-frequency and multi-constellation GNSS solution in an ultra rugged, highly integrated receiver design. Using Z-Blade GNSS centric technology, ProFlex 800 delivers fast and reliable RTK position even in harsh environments.
ProFlex 800 is ideal for backpack rover precise surveying, reference station solutions or mounted on a vehicle for onboard operations.

Note: **The following cable must be specified for connection to external Pacific Crest ADL Vantage or Vantage Pro Radios - use cable PCC-A00630.**
(Also applies for PDL High Power Base Radios.)

SP20

The Spectra Precision SP20 handheld GNSS receiver combines innovative, camera- enabled data collection workflow with a high level of performance in an ergonomic, scalable solution (from meter to cm accuracy).
Rugged and lightweight, the SP20 is easy-to-use and highly accurate. It is the optimal tool not only for cadastral, construction, or topo surveys, but also for a range of GIS projects, including data collection, inspection and maintenance.
The 5.3-inch screen delivers vivid visuals of the workflow, which enables precise 2D handheld logging. And the system's high degree of accuracy can be enhanced with a monopole accessory to deliver solid, survey-grade 3D measurements.
Whatever type of geospatial work you're performing, turn to the easy-to-use SP20 handheld that consistently delivers highly accurate results

Ranger 300X/500X

The Ranger™ data collector features the Windows Mobile® 5.0 operating system, an ergonomic keypad and military-grade durability. Wireless capabilities let you connect without cables. The Ranger comes in two models; the 300X and the powerful 500X. The Ranger 300X has a 312MHz processor with 64MB of SDRAM and 256MB of on-board Flash and integrated Bluetooth, while the Ranger 500X has a 520MHz processor with 128MB of SDRAM and 512MB of on-board Flash storage and integrated Bluetooth.
The Ranger also has the option for integrated 802.11 wireless on the 500X. The Ranger also offers USB host and client ports. CompactFlash (CF) and Secure Digital (SD) slots enables multiple accessories and increased data storage. The Ranger's two CF slots allow GPS, GPRS, bar code scanners and other CF devices to be added. Optional CF caps accommodate larger devices.

Standard accessories include;
- AC charger

Spectra Precision MM20 Data Collector with Software

MM20 Data Collector

The Spectra Precision MM10 Data Collector is an entry-level data collection platform delivering performance and reliability in a lightweight but rugged design. It's dust-proof and waterproof and weighs just 380g (13 ounces) for effortless operations in the field. Moreover it features extremely long battery life (over 20 hours) making it a perfect tool for long working days.
The MM10 Data Collector provides a wide range of internal wireless capabilities, including Bluetooth, wireless LAN (WiFi), but also built-in GSM/GPRS modem, which make this device very flexible and useful for survey data collection.
It comes equipped with a choice of field software: the advanced and powerful Spectra Precision Survey Pro software, or the popular FAST Survey field software. Other features include the Windows Embedded Handheld 6.5 operating system, integrated 5M pixel digital camera, and even internal GPS, offering a very powerful and capable device, yet at a very competitive price.

Note: The MM20 data collector does not have a physical RS232 port, and is therefore only suitable for use with a total station via Bluetooth.

Spectra Precision ForeSight Software

ForeSight and ForeSight DXM are now discontinued.

ForeSightTM gives you better ways to view, manage and analyze your survey data. ForeSight helps you manage project files, check data for accuracy and completeness, graphically view your raw data , and prepare data for field survey or CAD development. Foresight has geodetic functions that can be used with Survey Pro GNSS or Survey Pro Max. You can import and export LandXML and DXF files, as well as Job, Coordinate and Raw Data Files and Point Lists.

ForeSight is a powerful, complete program designed for versions of Windows from 95 to XP. Additional copies or seats of Office software are available at discounted prices. These additional seats do not include manuals. **USB port hardware locks will ship unless otherwise specified.**

A dealer demo copy of the complete ForeSight bundle is available for $150.00. The dealer demo copy is date stamped for one year and is renewable at no charge.

Layout Pro Solutions

Layout Pro

Spectra Precision Layout Pro Field and Spectra Precision Layout Pro Office Spectra Precision building construction positioning solutions give contractors more control of their job sites allowing significant improvements in construction accuracy and productivity.
The pocket-sized Spectra Precision® Layout Pro Field software lets you carry, manage, work with, and lay out your job site blueprint.

Using the Layout Pro Field onboard with a Spectra Precision FOCUS 8/Nikon C Series Total Station or with Bluetooth Wireless connection to FOCUS 6/Nikon M Total Stations or directly to a Nikon DTM or NPL series and the Layout Pro Office software- you can:

* take CAD designs and data into the field.
* lay out complex concrete forms or anchor bolts from any location by referencing any two known points.
* lay out control points and offset hubs faster and more cost-effectively work on your schedule.
* lay out all lines from one reference location with no string lines, transits or theodolites.
* make minor adjustments to the building position as needed without waiting or paying subcontractor fees.
* check the work of others and create documentation for change orders when necessary. Reflectorless measurement capabilities make as-built checks a one-person job.
* lay out control lines for subcontractors faster and more accurately than with tapes and theodolites.
* easily collect topographical data and import it into third-party software for elevation and cut and fill analysis.

Layout Pro is currently supported on the Ranger 3 and Nomad data collectors.

Twelve month **Extended warranties** are available up to a maximum of four.

SECOND AMENDMENT
TO
CONTRACT NO. 02918
SURVEY AND MAPPING EQUIPMENT AND SUPPLIES

This Second Amendment ("Amendment") to Contract No. 02918 is made and entered into by and between the State of Washington acting by and through the Department of Enterprise Services, a Washington State governmental agency ("State") and Trimble, Inc., a Delaware Corporation ("Contractor") and is dated and effective as of July 1, 2021.

RECITALS

A. State and Contractor (collectively the "Parties") entered into that certain Contract No. 02918 for Survey and Mapping Equipment and Supplies dated effective as of December 1, 2018 ("Contract").
B. The Parties previously amended the Contract one time.
    a. Amendment No. 1, effective April 23, 2021, updated Exhibit B with an updated "Brand Specifications & Price Evaluation", and Catalog "Trimble Survey USA" and attached catalogs "Trimble Spectra Precision" and "Trimble Rental" to the Master Contract.
C. The amendment set forth herein is within the scope of the Contract.
D. The Parties now desire to amend the Contract as set forth herein.

AGREEMENT

NOW THEREFORE, in consideration of the mutual covenants and agreements set forth herein, the Parties hereby agree to amend the Contract, as follows:

1. CATALOG UPDATES: Exhibit B is hereby updated by deleting the existing catalogs "Trimble Survey USA" and "Trimble Spectra Precision" in their entirety and replacing with the attached "Trimble Survey USA", and "Trimble Spectra Precision" Catalogs, effective 7.1.2021.

2. NO CHANGE OTHER THAN AMENDMENT. Except as amended herein, the Contract is unaffected and remains in full force and effect.

3. INTEGRATED AGREEMENT; MODIFICATION. This Amendment constitutes the entire agreement and understanding of the Parties with respect to the subject matter and supersedes all prior negotiations and representations. In the event of any conflict between this Amendment and the Contract or any earlier amendment, this Amendment shall control and govern. This Amendment may not be modified except in writing signed by the Parties.

4. AUTHORITY. Each party to this Amendment, and each individual signing on behalf of each party, hereby represents and warrants to the other that it has full power and authority to enter into this Amendment and that its execution, delivery, and performance of this Amendment has been fully authorized and approved, and that no further approvals or consents are required to bind such party.

5. ELECTRONIC SIGNATURES. A signed copy of this Amendment or any other ancillary agreement transmitted by facsimile, email, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original executed copy of this Amendment or such other ancillary agreement for all purposes.

6. COUNTERPARTS. This Amendment may be executed in one or more counterparts, each of which shall be deemed an original, and all of which counterparts together shall constitute the same instrument which may be sufficiently evidenced by one counterpart. Execution of this Amendment at different times and places by the parties shall not affect the validity thereof so long as all the parties hereto execute a counterpart of this Amendment.

EXECUTED AND EFFECTIVE as of the day and date first above written.

SP85 GNSS Receiver

The Spectra Geospatial SP85 is a 600-channel next generation GNSS receiver. The SP85 uses a unique, all signal tracking and processing Z-Blade technology to provide the most reliable measurements and the highest possible accuracies. It also offers the best communications and connectivity capabilities available today including L-band satellite, SMS and email alerts and anti-theft protection. The ergonomic design and unlimited operating time make the SP85 an extremely versatile and complete solution.

Note: To activate radio frequencies in any SP85 requires ADLConf software and PCC-A02672 ADLConf Dealer Hardware Lock Kit.

SP60 GNSS Receiver

The Spectra Precision SP60 is a new generation GNSS receiver offering a high level of flexibility to cover any survey demand from simple post-processing, through UHF or Long Range Bluetooth base and rover systems to sophisticated RTK and RTX rover solutions. Combining the unique all-signals-tracking and processing Z-Blade GNSS-centric technology and L-band capability for satellite-delivered RTX services, the SP60 GNSS receiver provides the most reliable measurements and the highest possible accuracy under any conditions and in any place in the world.

Note: To activate radio frequencies in any SP60 requires ADLConf software and PCC-A02672 ADLConf Dealer Hardware Lock Kit.

SP20

The Spectra Precision SP20 handheld GNSS receiver combines innovative, camera- enabled data collection workflow with a high level of performance in an ergonomic, scalable solution (from meter to cm accuracy).
Rugged and lightweight, the SP20 is easy-to-use and highly accurate. It is the optimal tool not only for cadastral, construction, or topo surveys, but also for a range of GIS projects, including data collection, inspection and maintenance.
The 5.3-inch screen delivers vivid visuals of the workflow, which enables precise 2D handheld logging. And the system's high degree of accuracy can be enhanced with a monopole accessory to deliver solid, survey-grade 3D measurements.
Whatever type of geospatial work you're performing, turn to the easy-to-use SP20 handheld that consistently delivers highly accurate results

SP90m GNSS Receiver

The Spectra Precision SP90m is a powerful, highly versatile, ultra-rugged, and reliable GNSS positioning solution for a wide variety of applications in real-time and post-processing. It also comes with a variety of integrated communications options, such as Bluetooth, WiFi, UHF radio, cellular modem, and two MSS L-band channels to receive Trimble RTX correction services. The modular form factor of the SP90m allows for a maximum in flexibility on how the receiver can be used, such as base station, continuously operating reference station (CORS), RTK or Trimble RTX rover, on-board machine integration, vessels, etc.

Note: **To order a complete SP90m GNSS Receiver, please follow these steps**

1. Select a SP90m GNSS receiver model (non-geofenced WW models, geofenced China and Latin America models).
2. Add a country specific power cord.
3. Add a GNSS antenna and GNSS antenna cable.

ProFlex 800 GNSS Receiver

The ProFlex 800 GNSS receiver is a multi-frequency and multi-constellation GNSS solution in an ultra rugged, highly integrated receiver design. Using Z-Blade GNSS centric technology, ProFlex 800 delivers fast and reliable RTK position even in harsh environments. ProFlex 800 is ideal for backpack rover precise surveying, reference station solutions or mounted on a vehicle for onboard operations.

Note: **The following cable must be specified for connection to external Pacific Crest ADL Vantage or Vantage Pro Radios - use cable PCC-A00630. (Also applies for PDL High Power Base Radios.)**

SP20

The Spectra Precision SP20 handheld GNSS receiver combines innovative, camera- enabled data collection workflow with a high level of performance in an ergonomic, scalable solution (from meter to cm accuracy).
Rugged and lightweight, the SP20 is easy-to-use and highly accurate. It is the optimal tool not only for cadastral, construction, or topo surveys, but also for a range of GIS projects, including data collection, inspection and maintenance.
The 5.3-inch screen delivers vivid visuals of the workflow, which enables precise 2D handheld logging. And the system's high degree of accuracy can be enhanced with a monopole accessory to deliver solid, survey-grade 3D measurements.
Whatever type of geospatial work you're performing, turn to the easy-to-use SP20 handheld that consistently delivers highly accurate results

Spectra Precision MM20 Data Collector with Software

MM20 Data Collector

The Spectra Precision MM10 Data Collector is an entry-level data collection platform delivering performance and reliability in a lightweight but rugged design. It's dust-proof and waterproof and weighs just 380g (13 ounces) for effortless operations in the field. Moreover it features extremely long battery life (over 20 hours) making it a perfect tool for long working days.
The MM10 Data Collector provides a wide range of internal wireless capabilities, including Bluetooth, wireless LAN (WiFi), but also built-in GSM/GPRS modem, which make this device very flexible and useful for survey data collection.
It comes equipped with a choice of field software: the advanced and powerful Spectra Precision Survey Pro software, or the popular FAST Survey field software. Other features include the Windows Embedded Handheld 6.5 operating system, integrated 5M pixel digital camera, and even internal GPS, offering a very powerful and capable device, yet at a very competitive price.

Note: The MM20 data collector does not have a physical RS232 port, and is therefore only suitable for use with a total station via Bluetooth.

Layout Pro Solutions

Layout Pro

Spectra Precision Layout Pro Field and Spectra Precision Layout Pro Office Spectra Precision building construction positioning solutions give contractors more control of their job sites allowing significant improvements in construction accuracy and productivity.
The pocket-sized Spectra Precision® Layout Pro Field software lets you carry, manage, work with, and lay out your job site blueprint.

Using the Layout Pro Field onboard with a Spectra Precision FOCUS 8/Nikon C Series Total Station or with Bluetooth Wireless connection to FOCUS 6/Nikon M Total Stations or directly to a Nikon DTM or NPL series and the Layout Pro Office software- you can:

* take CAD designs and data into the field.
* lay out complex concrete forms or anchor bolts from any location by referencing any two known points.
* lay out control points and offset hubs faster and more cost-effectively work on your schedule.
* lay out all lines from one reference location with no string lines, transits or theodolites.
* make minor adjustments to the building position as needed without waiting or paying subcontractor fees.
* check the work of others and create documentation for change orders when necessary. Reflectorless measurement capabilities make as-built checks a one-person job.
* lay out control lines for subcontractors faster and more accurately than with tapes and theodolites.
* easily collect topographical data and import it into third-party software for elevation and cut and fill analysis.

Layout Pro is currently supported on the Ranger 3 and Nomad data collectors.

Twelve month **Extended warranties** are available up to a maximum of four.
