Dear Sir or Madam:

This is in response to your request of April 2, 2004, regarding your organization's tax-exempt status.

In June 1966 we issued a determination letter that recognized your organization as exempt from federal income tax. Our records indicate that your organization is currently exempt under section 501(c)(3) of the Internal Revenue Code.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$20 a day, up to a maximum of \$10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

FORM 990-A RE- QUIRED	ACCOUNTING PERIOD ENDING
<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO	June 30

On the basis of your stated purposes and the understanding that your operations will continue as evidenced to date or will conform to those proposed in your ruling application, we have concluded that you are exempt from Federal income tax as an organization described in section 501(c)(3) of the Internal Revenue Code. Any changes in operation from those described, or in your character or purposes, must be reported immediately to your District Director for consideration of their effect upon your exempt status. You must also report any change in your name or address.

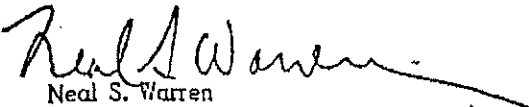

You are not required to file Federal income tax returns so long as you retain an exempt status, unless you are subject to the tax on unrelated business income imposed by section 511 of the Code, in which event you are required to file Form 990-T. Our determination as to your liability for filing the annual information return, Form 990-A, is set forth above. That return, if required, must be filed on or before the 15th day of the fifth month after the close of your annual accounting period indicated above.

This is a determination letter.

Very truly yours,

SCHOOL BOARD ACTION REPORT

DATE: April 30, 2019
FROM: Denise Juneau, Superintendent
LEAD STAFF: Wyeth Jessee, Chief of Student Support Services,
rwjessee@seattleschools.org

For Introduction: May 29, 2019
For Action: June 12, 2019

1. TITLE

Contract approval for Early Support for Infants & Toddlers (Birth to 3 Intervention Service Providers)

2. PURPOSE

This Board Action Report authorizes the Superintendent to execute contracts totaling \$6,692,626 with the Experimental Education Unit (EEU), Wonderland Developmental Center, Northwest Center and Boyer Children's Clinic to ensure the provision of Early Intervention Services in accordance with Part C of the Individuals with Disabilities Education Act (IDEA).

3. RECOMMENDED MOTION

I move that the School Board authorize the Superintendent to execute contracts with the Experimental Education Unit (EEU) in the amount of \$301,923, Wonderland Developmental Center in the amount of \$905,769, Northwest Center in the amount of \$2,264,422 and Boyer Children's Clinic in the amount of \$3,220,512, to ensure the provision of Early Intervention services as defined in 34 C.F.R. 303 in accordance with Part C of the Individuals with Disabilities Education Act (IDEA), with any minor additions, deletions and modifications deemed necessary by the Superintendent; and to take any necessary actions to implement the contracts.

4. BACKGROUND INFORMATION

- a. **Background** Part C of Individuals with Disabilities Education Act requires States to maintain and implement statewide, comprehensive, interagency systems to make available early intervention services for all infants and toddlers with disabilities from birth to age three. Eligible infants, toddlers and their families are entitled to individualized, quality early intervention services in accordance with Federal law. Since 2009, Washington State has also required all school districts to provide services to infants and toddlers, the requirements of Part C regulations under IDEA.

Starting in January 2006, Seattle Public Schools has served our youngest and most vulnerable students in collaboration with local Birth-to-Three providers. Currently approximately 685 children are served through our Birth-to-Three program.

By providing the required services through these contracts, the District ensures service provision and fosters relationships with the community and families to serve infants and toddlers who have disabilities and/or developmental delays.

The providers in this motion responded to RFQ 02848, Early Support for Infants and Toddlers.

The amount contracted with each agency for 2018-19 is as follows:

- Experimental Education Unit: \$243,501
- Wonderland Developmental Center: \$405,835
- Northwest Center: \$1,623,340
- Boyer Children's Clinic: \$2,435,016

For the 2019-20 school year the following amounts are anticipated:

- Experimental Education Unit (EEU): \$301,923
- Wonderland Developmental Center: \$905,769
- Northwest Center: \$2,264,422
- Boyer Children's Clinic: \$3,220,512

These increases represent an increase in the Basic Education Allocation (BEA) rate and a change to Chapter 170-400 WAC: Early Support for Infants and Toddlers. This change requires that 95% of the funds received by the district must be passed through to the Early Intervention Providers. School year 2019-20 is the last year that SPS will be the pass through for this funding.

The 2018 Washington State Legislature adopted ESSB 6257 which provides for the development of a funding model for early intervention services for eligible children. Beginning in school year 2020-21, school districts will no longer serve as a flow through for this funding but will continue to be responsible for the transition of students to Part B Individuals with Disabilities Education Act services.

- b. **Alternatives** An alternative to contracting would be for the District to provide direct administration, subcontracting, billing, payment and compliance monitoring for infants, toddlers and their families who are eligible for Birth-to-Three services.

This option would require the district to hire staff and provide facilities, as well as implement complex/compliant tracking and monitoring of services provided.

- c. **Research** Provision of early intervention services to children and their families has been supported by research that indicates the school age achievement gap is often created by an early childhood preparation gap (e.g. National Early Intervention Longitudinal Study, 2007). Children who arrive at school behind their peers tend to stay behind. High quality, aligned early learning opportunities from birth can mitigate the impact of developmental delays, especially in an aligned system that creates continuity for children and their families.

The Early Head Start Research and Evaluation Longitudinal Follow-Up Group provided an abstract from their study. This study examined school readiness at kindergarten entry for low-income children whose disability indicators were identified before age 3. Children who had suspected developmental delays and did not receive Part C services had lower pre-academic skills scores at kindergarten entry than those who had no disability indicators. In contrast, the pre-academic skills at age 5 of children who received Part C services did not differ from those who had no disability indicators. A large portion of children who had suspected developmental delays and did not receive Part C services by age 3 received Part B services later. Results highlight the importance of early intervention for low income children who have suspected developmental delays to enhance their school readiness skills.

5. FISCAL IMPACT/REVENUE SOURCE

Fiscal impact to this action will be \$6,692,626 from the Special Education Infant and Toddler Birth-to-Three revenue funds allocated as follows:

- Experimental Education Unit: \$301,923
- Wonderland Developmental Center: \$905,769
- Northwest Center: \$2,264,422
- Boyer Children's Clinic: \$3,220,512

The revenue source for this motion is State Apportionment.

Expenditure: ☐ One-time ☒ Annual ☐ Multi-Year ☐ N/A

Revenue: ☐ One-time ☒ Annual ☐ Multi-Year ☐ N/A

6. COMMUNITY ENGAGEMENT

With guidance from the District's Community Engagement tool and through review of parent communication from agencies and parent determination of service provider, this action was determined to merit the following tier of community engagement:

☐ Not applicable

☒ Tier 1: Inform

☐ Tier 2: Consult/Involve

☐ Tier 3: Collaborate

Information will be provided on the district website, in brochures and from district staff about where early intervention services can be accessed for children residing within Seattle Public Schools. As a part of the original RFQ for these contracts, the ad for agencies to apply was publicized. Each provider engages their community.

7. EQUITY ANALYSIS

Qualified students will not be denied services due to their race, ethnicity, religion, English Language Learners status or ability to pay. Interpreters are provided for meetings and events so that non-English speaking families can participate. Services are provided in "natural setting," most often in homes or childcare facilities. These occur throughout the city so no community is excluded. Information regarding the availability of translation services is provided to agencies, referral sources, and the SPS B-3 transition coordinator in order to support families accessing these services.

8. STUDENT BENEFIT

Students will receive early intervention services as prescribed by their Individualized Family Service Plan. By providing these services to students at an early age, their skills will improve so that they will need fewer or no special education services upon school entry.

9. WHY BOARD ACTION IS NECESSARY

- ☒ Amount of contract initial value or contract amendment exceeds \$250,000 (Policy No. 6220)
- ☐ Amount of grant exceeds \$250,000 in a single fiscal year (Policy No. 6114)
- ☐ Adopting, amending, or repealing a Board policy
- ☐ Formally accepting the completion of a public works project and closing out the contract
- ☐ Legal requirement for the School Board to take action on this matter
- ☐ Board Policy No. ____, [TITLE], provides the Board shall approve this item
- ☐ Other: _____

10. POLICY IMPLICATION

Policy No. 2161, Special Education, states, "It is the policy of the Seattle School Board to provide a free appropriate public education to all eligible students with disabilities from ages 3 until graduation." As noted above, providing services earlier in life improves outcomes.

11. BOARD COMMITTEE RECOMMENDATION

This motion was discussed at the A & F Committee meeting on May 20, 2019. The Committee reviewed the motion and moved the item forward for consideration by the full Board.

12. TIMELINE FOR IMPLEMENTATION

Upon approval of this motion, the contracts will be executed with the Experimental Education Unit (EEU), Wonderland Developmental Center, Northwest Center and Boyer Children's Clinic for the 2019-20 school year.
