

Competitive Solicitation #06019 - Office Supplies
Exhibit C-1 - Bid Price Amd 1

Instructions	
Overview	This exhibit is comprised of this "Instructions" worksheet, a general "Categories" worksheet, and 16 individual category market basket worksheets. The "Instructions" worksheet provides relevant definitions, and details how to fill out the "Categories" worksheet and the individual category market basket worksheets.
Categories Worksheet	Bidders must provide the percentage off of MSRP for items in the respective categories that are not listed in the market basket worksheet. This percentage off will apply to items fitting the category description that the bidder offers, which are not included in the market basket.
Individual Category Market Basket Worksheets	<p>The worksheets contain items that are commonly purchased, specifically requested, or desired by Purchasers. Bidders must provide the price for the applicable unit of measure requested. Each product is identified with a description and manufacturers identification number. Bidders may provide pricing for an equivalent alternative item in that row and detail the item description in the Product Alternative column; Bidder must do so if they are unable to provide the listed item.</p> <p>Enterprise Services reserves the right to strike individual items for evaluation purposes if all bidders cannot provide the requested item. Enterprise Services will not consider bidders that do not submit pricing for that item to be non-responsive.</p> <p>Recycled Content Preference: Bidders must complete both the Post Consumer % and Total Recycled % columns of the worksheets for each product to be considered for the recycled content preference as detailed in the solicitation document and Exhibit B-2 - Recycled Material Requirements. Responses may be rounded up to the nearest 5% increment. The preference will be applied to the evaluated price on a per product basis.</p>
Responsiveness Requirements - Award Structure 1	Bidders must submit percentages off MSRP for <u>all</u> categories in the "Categories" worksheet. Bidders must also submit bid prices for <u>every item</u> in <u>all</u> individual category market basket worksheets. If bidders cannot provide the requested item, they must provide a suitable Product Alternative (see below). Failure to submit percentages off of MSRP for <u>all categories</u> in the "Categories" worksheet, and bid prices for <u>every item</u> will render the bid non-responsive for this award.
Responsiveness Requirements - Award Structure 2	Bidders must submit percentages off MSRP for <u>each</u> category in the "Categories" worksheet <u>that they wish to be considered</u> for an award. Bidders must also submit bid prices for <u>every item</u> in the individual category market basket worksheets for <u>those categories</u> . If bidders cannot provide the requested item, they must provide a suitable Product Alternative (see below). Failure to submit the percentages off of MSRP in the "Categories" worksheet, and bid prices for every item in a category will render the bid non-responsive for that category.

EXHIBIT C-2 - NON-COST RESPONSE

Bidder shall provide a response to each of the questions listed below. The responses will be evaluated to determine bidder’s non-cost score. Bidders should refrain from including their name in the responses. Any reference to the business name or logo will be redacted before being sent to evaluators. This anonymity is required in order to ensure an unbiased review and award of the Master Contract resulting from this procurement.

1. Describe bidder's delivery methods (e.g. 2-day, next day, tracking), including any third party services used.
Many of our deliveries will occur next day. As a result of having our own business and delivery locations in both Olympia and Spokane, we are adequately positioned to handle most all deliveries by our own delivery vehicles statewide. How will those options be made available to eligible purchasers? **Options include: Will Call at our Olympia or Spokane locations, Our own delivery vehicles, UPS, Fedex, and Courier. Our default will always be our vehicles with UPS being our most common 2nd choice.**
