For clarification purposes regarding a mark-up from CBA, mark-up refers to the value that a contractor adds to the cost price of any service. The value added is called the mark-up. A mark-up is added into the CBA cost by the contractor of any service to cover the costs of doing business and create a profit. The mark-up added to the cost price equals total price.

Example: For a purchase set appointment for in-person interpreting service, the Contractor will charge the mark up from CBA listed in 1A \$8.00 per hour to the then current minimum CBA rate. In this pricing example the service was provided in July 2020 when the CBA rate was \$42.20 per hour. The rate charged for the services would be \$50.20 per hour.

Finally, pursuant to the Collective Bargaining Agreement for Language Access Providers (WFSE), certain Washington State Agencies are obligated to compensate interpreters pursuant to the Collective Bargaining Agreement (“CBA”). The State of Washington Office of Financial Management (OFM) maintains all Collective Bargaining Agreements. Visit OFM’s website to view CBA for year [2019-21](#) and year [2021-23](#). See RCW 41.56.510. In addition to the entities listed in RCW 41.56.020, this chapter applies to the governor with respect to language access providers. Solely for the purposes of collective bargaining and as expressly limited under RCW 41.56.510 subsections (2) and (3) of this section, the governor is the public employer of language access providers who, solely for the purposes of collective bargaining, are public employees. The governor or the governor's designee must represent the public employer for bargaining purposes.
