- 2) NASPO ValuePoint Master Agreement, including all attachments thereto;

3) A Request for Services or Scope of Work/Specifications issued against the Master Agreement;

- 2.2 Conflict.** These documents forming the Request for Services as listed in Section 3.1 above will be read to be consistent and complementary. Any conflict among these documents will be resolved by giving priority to these documents in the Request for Services listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.
- 2.3 Participating Addenda.** Participating Addenda will not be construed to diminish, modify, or otherwise derogate any provisions in this Master Agreement between the Lead State and Contractor. For all such requests, the fee rate or amount, payment method, and schedule for such reports and payments will be incorporated into the applicable Participating Addendum. Unless agreed to in writing by the state, Contractor may not adjust the Master Agreement pricing to include the state fee for purchases made by Purchasing Entities within the jurisdiction of the state. In the event one of these entities elects to use this NASPO ValuePoint Master Agreement (available through the eMarketPlace) but publish to their own eMarketPlace, Contractor agrees to work in good faith with the entity and NASPO to implement the catalog.
- 4.5.9** In the event a Participating Entity has entity-specific catalog requirements set forth in its Participating Addendum (e.g., entity-specific pricing, restrictions in the scope of offerings, etc.), Contractor shall ensure its eMarketPlace Content for that Participating Entity accurately reflects and is compliant with these requirements.

This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity’s rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost, and other factors considered.

10. Recycled Materials. In the performance of the Contract, Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired (i) competitively within a timeframe providing for compliance with the Contract performance schedule, (ii) meeting Contract performance requirements, or (iii) at a reasonable price.

11. Energy Efficiency. Contractor shall comply with applicable mandatory standards and policies relating to energy efficiency that are contained in the Oregon energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94163).

12. Byrd Anti-Lobbying Amendment; Truth in Lobbying. This Act prohibits the recipients of federal contracts, grants, and loans from using appropriated funds for lobbying the Executive or Legislative Branches of the federal government in connection with a specific contract, grant, or loan. As required by Section 1352, Title 31 of the U.S. Code and implemented at 34 CFR Part 82 for persons entering into a grant or cooperative agreement over \$100,000, as defined at 34 CFR Part 82, Section 82.105 and 82.110. This certification is a material representation of fact upon which reliance was placed when this Contract was made or entered into. Submission of this certification is a prerequisite for making or entering into this Contract imposed by section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure. Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure.

13. HIPAA Compliance. If the work performed under this Contract are covered by the Health Insurance Portability and Accountability Act or the federal regulations implementing the Act (collectively referred to as HIPAA), Contractor agrees to perform the work in compliance with HIPAA. Without limiting the generality of the foregoing, work performed under this Contract is covered by HIPAA. Contractor shall comply and cause all subcontractors to comply with the following:

- 13.1.** Privacy and Security of Individually Identifiable Health Information. Individually Identifiable Health Information about specific individuals is confidential. Individually Identifiable Health

Information relating to specific individuals may be exchanged between Contractor and the State for purposes directly related to the provision of services to clients which are funded in whole or in part under this Contract. However, Contractor shall not use or disclose any Individually Identifiable Health Information about specific individuals in a manner that would violate the State's Privacy Rules, OAR 407-014-0000 et. seq., or the State's Notice of Privacy Practices, if done by Purchasing Entity. A copy of the most recent State Notice of Privacy Practices is posted on the State web site at: <http://www.oregon.gov/OHA> or may be obtained from Purchasing Entity.

- 13.2.** Data Transactions Systems. If Contractor intends to exchange electronic data transactions with Purchasing Entity in connection with claims or encounter data, eligibility or enrollment information, authorizations or other electronic transaction, Contractor shall execute an EDI Trading Partner Agreement with the State and shall comply with the State's EDI Rules.
- 13.3.** Consultation and Testing. If Contractor reasonably believes that the Contractor's or the State's data transactions system or other application of HIPAA privacy or security compliance policy may result in a violation of HIPAA requirements, Contractor shall promptly consult the State's HIPAA officer. Contractor or State may initiate a request for testing of HIPAA transaction requirements, subject to available resources and the State's testing schedule.
- 13.4.** If Contractor is deemed to be a business associate of State under HIPAA's Privacy Rule, 45 CFR Parts 160 and 164, Contractor hereby provides the State with satisfactory assurances that if it receives from the State or any trading partner any protected health information of any individual, it shall maintain the security and confidentiality of such information as required by the HIPAA's Privacy Rule, and other applicable laws and regulations. Without limiting the foregoing, Contractor agrees that:
 - 13.4.1. Contractor will not use or further disclose Protected Health Information otherwise than as permitted or required by this Contract or as required by law;
 - 13.4.2. Contractor will use appropriate safeguards to prevent use or disclosure of PHI otherwise than as provided for by this Contract;
 - 13.4.3. Contractor agrees to mitigate, to the extent practicable, any harmful effect that is known to Contractor of a use or disclosure of PHI by Contractor in violation of the requirements of the Contract;
 - 13.4.4. Contractor will report to Purchasing Entity any use or disclosure of PHI not provided for by this Contract of which Contractor becomes aware;
 - 13.4.5. Contractor agrees to ensure that any agents, including subcontractors, to whom it provides PHI, agree to the same restrictions and conditions that apply to Contractor with respect to such information;
 - 13.4.6. Contractor shall make available to Purchasing Entity such information as they may require to fulfill their obligations to account for disclosures of such information;
 - 13.4.7. Contractor shall make its internal practices, books, and records, including policies and procedures and PHI, relating to the use and disclosure of PHI received from the State or trading partner (or created or received by Contractor on behalf of the State or trading partner) available to the State and to the Secretary of the United States Department of Health and Human Services, for purposes of determining the State's or trading partners' compliance with HIPAA; and
 - 13.4.8. If feasible, upon termination of this Contract, Contractor shall return or destroy all PHI received from the State or trading partners (or created or received by Contractor on behalf of the State or trading partners) that Contractor still maintains in any form, and shall retain no copies of such information or, if return or destruction is not feasible, Contractor shall continue to extend the protections of this Contract to such information, and limit further use of the information to those purposes that make the return or destruction of the information infeasible.

Subject to the foregoing restrictions, Purchasing Entity agrees that Contractor may use such PHI in the process of providing transaction mapping, trading partner profiling and training and mentoring services for

Purchasing Entity and trading partners under this Contract.

14. Medicaid Compliance. To the extent Contractor performs any work whose costs are paid in whole or in part by Medicaid, Contractor shall comply with and cause its subcontractors to comply with the federal and State Medicaid statutes and regulations applicable to the work, including but not limited to:

Contractor shall comply with federal rules and statutes pertaining to the Substance Abuse, Prevention, and Treatment Block Grant, including the reporting provisions of the Public Health Services Act (42 USC 300x through 300x-64). In addition, the Federal government implemented the Drug Free Workplace Act of 1988 in an attempt to address the problems of drug abuse on the job. It is a fact that employees who use drugs have less productivity, a lower quality of work, and a higher absenteeism, and are more likely to misappropriate funds or services. From this perspective, the drug abuser may endanger other employees, the public at large, or themselves. Damage to property, whether owned by this entity or not, could result from drug abuse on the job. All these actions might undermine public confidence in the services this entity provides. Therefore, in order to remain a responsible source for government contracts, Contractor acknowledges the following:

- 15.1.** The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the workplace.
- 15.2.** Violators may be terminated or requested to seek counseling from an approved rehabilitation service.
- 15.3.** Employees must notify their employer of any conviction of a criminal drug statute no later than five days after such conviction.
- 15.4.** Although alcohol is not a controlled substance, it is nonetheless a drug. It is the policy of the State of Oregon that abuse of this drug will also not be tolerated in the workplace.

Contractor certifies that will provide drug-free workplaces for their employees.

16. Funding Agreements. If Contractor is a small business firm or nonprofit organization and the Contract provides for the performance of experimental, developmental or research work funded in whole or in part by the Federal government, Purchasing Entity shall comply with the provisions of 37 C.F.R. pt.401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements) and any implementing regulations issued by FEMA. See 2 C.F.R. pt. 200, Appendix II ¶F.

17. Access to Records; Audits. Contractor shall comply and, if applicable, cause a subcontractor to comply, with the applicable audit requirements and responsibilities set forth in the Office of Management and Budget Circular A-133 entitled "Audits of States, Local Governments and Non-Profit Organizations." Contractor shall provide the State of Oregon, Purchasing Entity, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of Contractor which are directly pertinent to this Contract for the purpose of making

audits, examinations, excerpts and transcripts. Contractor shall permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. If applicable, Contractor shall provide the FEMA Administrator or his authorized representatives access to construction sites pertaining to the work being completed under the Contract. Contractor and Purchasing Entity acknowledge and agree that no language in this Contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

18. Debarment and Suspension. Contractor shall comply and shall cause its subcontractors to comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and shall not permit any person or entity to be a subcontractor if the person or entity is listed on the non-procurement portion of the General Service Administration's "List of Parties Excluded from Federal Procurement or Non-procurement Programs" in accordance with Executive Orders No. 12,549 and No. 12,689, "Debarment and Suspension". (See 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000, Contractor principles as defined in 2 C.F.R. §180.995 or its affiliates, as defined in 2 C.F.R. §180.905.). This list contains the names of parties debarred, suspended, or otherwise excluded by agencies, and contractors declared ineligible under statutory authority other than Executive Order No. 12549 (excluded as defined in 2 C.F.R. §180.940 or disqualified as defined in 2 C.F.R. §180.935). Subcontractors with awards that exceed the simplified acquisition threshold shall provide the required certification regarding their exclusion status and that of their principals prior to award. Contractor certifies:

- 18.1.** Contractor is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
- 18.2.** Contractor has not within a three-year period preceding the Effective Date of this Contract been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
