Contractor further agrees to hold DIS harmless from acts or omissions of Contractor's subcontractors, their agents, or employees subject to the limitations set forth in the Limitation of Liability section of this Contract. DIS shall not be liable for any loss or damage resulting from personal injury, physical loss, harassment of employees, or violations of the Patent and Copyright Indemnification section of this Corporate Agreement occasioned by the acts or omissions of Contractor's subcontractors, their agents or employees. The Patent and Copyright Indemnification section of this Corporate Agreement shall apply to all subcontractors.

24. **Assignment**

24.1. With the prior written consent of DIS, which consent shall not be unreasonably withheld, Contractor may assign this Corporate Agreement including the proceeds hereof: *provided that*, such assignment shall not operate to relieve Contractor of any of its duties and obligations hereunder, nor shall such assignment affect any remedies available to DIS that may arise from any breach of this Corporate Agreement, its supplements, or warranties made herein, including but not limited to rights of setoff. General Provisions

27. Patent and Copyright Indemnification

27.1. Contractor will, at its expense, defend or settle any claim against DIS that Software or Software supplied hereunder infringe any patent, copyright, or trademark. Contractor will pay resulting costs, damages and attorneys’ fees awarded by final judgement or agreed upon in a negotiated settlement, provided that, DIS:

   a) Promptly notifies Contractor in writing of the claim; and

   b) Cooperates with and agrees to use its best efforts to encourage the Office of the Attorney General of Washington to grant Contractor sole control of the defense and all related settlement negotiations.
27.2. Contractor will pay all costs of such defense and settlement, and any costs and damages awarded by a court or incurred by DIS, except costs paid to the Office of the Attorney General as legal fees. If such claim has occurred, or in Contractor's opinion is likely to occur, DIS agrees to permit Contractor at its option and expense, either to procure for DIS the right to continue using the Software or to replace or modify the same so that they become non-infringing and functionally equivalent. If use of the Software is enjoined by a court, and Contractor determines that none of those alternatives is reasonably available, Contractor, at its risk and expense, will take back the Software and refund its depreciated value. No termination charges will be payable on such returned Software, and DIS will pay only those charges which were payable prior to the date of such return. Depreciated value shall be calculated on the basis of a useful life of five (5) years commencing on the date of purchase and shall be an equal amount per year over said useful life. The depreciation for fractional parts of a year shall be prorated based on 365 days per year. In the event the Software has been installed less than one year, transportation to the initial installation site paid by DIS shall be refunded by Contractor.

27.3. Contractor has no liability for any claim of infringement arising from:
   a) Contractor's compliance with any designs, specifications or instructions of Purchaser;
   b) Modification of the Software by Purchaser or a third party without the prior knowledge and approval of Contractor;
   c) Use of the Software in a way not specified by Contractor; or
   d) Use of the Software with Software not supplied by Contractor;

unless the claim arose against Contractor's Software, Software or Services independently of any of these specified actions.

28. Save Harmless

Contractor shall protect, indemnify and save DIS harmless from and against any damage, cost, or liability, resulting from any claim, including reasonable attorneys' fees, for any or all injuries to persons or damage to property arising from intentional, willful or negligent acts or omissions of Contractor, its officers, employees, agents, or subcontractors.

29. OSHA/WISHA

Contractor represents and warrants that its products, when shipped, are designed and manufactured to meet then current federal and state safety and health regulations. Contractor further agrees to indemnify and hold Purchaser harmless from all damages assessed against Purchaser as a result of the failure of the items furnished under this Corporate Agreement to so comply.

30. Compliance with Civil Rights Laws

During the performance of this Corporate Agreement, Contractor shall comply with all federal and applicable state nondiscrimination laws, including but not limited to: Title VII of the Civil Rights Act, 42 U.S.C. 12101 et seq.; the Americans with Disabilities Act (ADA); and Chapter 49.60 RCW, Washington Law Against Discrimination. In the event of Contractor's noncompliance or refusal to comply with any nondiscrimination law, regulation or policy, this Corporate Agreement may be rescinded or terminated in whole or in part under the Termination
for Default section, and Contractor may be declared ineligible for further Contracts with Purchaser. In addition to the cancellation of this Corporate Agreement, Contractor may be subject to penalties under federal and state law.

31. Severability

The terms and conditions of this Corporate Agreement are declared severable. If any term or condition of this Corporate Agreement or the application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect other terms, conditions, or applications which can be given effect without the invalid term, condition, or application.

32. Waiver

Waiver of any breach of any term or condition of this Corporate Agreement shall not be deemed a waiver of any prior or subsequent breach. No term or condition of this Corporate Agreement shall be held to be waived, modified, or deleted except by a written instrument signed by the parties hereto.

33. Contractor's Proprietary Information

Contractor acknowledges that DIS is subject to Chapter 42.17 RCW, the Public Disclosure Act, and that this Corporate Agreement shall be a public record as defined in RCW 42.17.250 through 42.17.340. Any specific information that Contractor claims to be confidential or proprietary shall be clearly identified as such by Contractor. To the extent consistent with Chapter 42.17 RCW, DIS shall maintain the confidentiality of all such information marked confidential or proprietary. If a request is made to view Contractor's proprietary information, DIS will notify Contractor of the request and of the date that the records will be released to the requester unless Contractor obtains a court order enjoining that disclosure. If Contractor fails to obtain the court order enjoining disclosure, DIS will release the requested information on the date specified.

Disputes and Remedies

34. Disputes

34.1. In the event a bona fide dispute concerning a question of fact arises between Contractor and DIS and it cannot be resolved between the parties with the aid of the DIS Contract Administrator, either party may initiate the dispute resolution procedure provided herein.

34.2. Disputes shall be resolved as quickly as possible. The initiating party shall reduce its description of the dispute to writing and deliver it to the responding party. The responding party shall respond in writing within three (3) Business Days.

   a) Both parties shall have three (3) Business Days to negotiate in good faith to resolve the dispute. If the dispute cannot be resolved within three (3) Business Days, a dispute resolution panel may be requested in writing by the initiating party, who shall also identify the first panel member.
b) Within three (3) business days of receipt of the initiating party's request, the responding party will designate a panel member. The two panel members will appoint a third member to the panel within the next three (3) Business Days.

c) Each of the parties agrees to bear the costs of its own designated panel member. The costs for the third panel member shall be shared equally by the parties.

d) The panel will review the written descriptions of the dispute, gather additional information as needed, and render a decision on the dispute in the shortest practical time.

e) The parties agree that the decision of the panel will be binding.

34.3. Notwithstanding the above, Contractor expressly reserves the right to file actions before any competent judicial or administrative tribunal in those situations involving alleged intellectual property infringement of its Products.

34.4. DIS and Contractor agree that, the existence of a dispute notwithstanding, they will continue without delay to carry out all their respective responsibilities under this Corporate Agreement which are not affected by the dispute.

34.5. DIS and Contractor agree to exercise good faith in dispute resolution and, whenever possible, to settle disputes prior to using the dispute resolution panel. No party shall commence litigation against another before the panel has issued its decision on the matter in dispute.

34.6. This Disputes clause does not preclude the consideration of questions of law in connection with decisions provided for in this clause, provided that, nothing in this Corporate Agreement shall be construed as making final the decisions of any administrative official, representative, or board on a question of law.

35. Attorneys' Fees and Costs

If any party brings litigation to enforce any term, condition, or section of this Corporate Agreement, or as a result of this Corporate Agreement in any way, the prevailing party shall be awarded its reasonable attorneys' fees together with necessary fees, expenses, and costs incurred for such litigation at both trial and appellate levels, as well as subsequent to judgement in obtaining execution thereof.

36. Non-Exclusive Remedies

The remedies provided for in this Corporate Agreement shall not be exclusive but are in addition to all other remedies available under law.
37. Limitation of Liability

37.1. The parties agree that neither Contractor nor Purchaser shall be liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages except a claim or demand based on patent or copyright infringement, in which case liability shall be as set forth elsewhere in this Corporate Agreement. The damages specified in the sections titled Year 2000 Compliance Warranty, Review of Contractor's Records, OSHA/WISHA and Termination for Default are not consequential, incidental, indirect, or special damages as those terms are used in this section.

37.2. Neither Contractor nor Purchaser shall be liable for damages arising from causes beyond the reasonable control and without the fault or negligence of either Contractor or Purchaser. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of a governmental body other than Purchaser acting in either its sovereign or contractual capacity, war, explosions, fires, floods, earthquakes, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case the delays shall be beyond the reasonable control and without fault or negligence of Contractor, Purchaser, or their respective subcontractors.

37.3. If delays are caused by a subcontractor without its fault or negligence, neither Contractor nor Purchaser shall be liable for damages for delays, unless the Software or Services were obtainable on comparable terms from other sources in sufficient time to permit Contractor or Purchaser to meet its required performance schedule.

37.4. Neither party shall be liable for personal injury or damage to the other party's property except personal injury or damage to property proximately caused by such party's respective fault or negligence.

Contract Termination

38. Termination for Default

38.1. If Contractor violates any material term or condition of this Corporate Agreement or fails to fulfill in a timely and proper manner its obligations under this Corporate Agreement, the DIS Contract Administrator will give Contractor written notice of the failure or violation, and the failure or violation shall be corrected by Contractor within thirty (30) calendar days or as otherwise mutually agreed. If Contractor's failure or violation is not so corrected, Purchaser, at its option, may withhold all monies due and payable to Contractor until such failure to perform is cured or otherwise resolved, or pursue immediate termination of this Corporate Agreement. This Corporate Agreement may be terminated immediately by written notice from the DIS Contracting Officer to Contractor.

38.2. In the event DIS terminates this Corporate Agreement, DIS shall have the right to procure the Products that are the subject of this Corporate Agreement on the open market and Contractor shall be liable for all damages including, but not limited to:

a) The cost difference between the original Corporate Agreement price for the Products and the replacement costs of such Products acquired from another vendor; and
b) If applicable, all administrative costs directly related to the replacement of the Corporate Agreement, such as costs of competitive bidding, mailing, advertising, applicable fees, charges or penalties, and staff time costs; and,

c) Any other costs to Purchaser resulting from Contractor's breach. Purchaser shall have the right to deduct from any monies due to Contractor, or that thereafter become due, an amount for damages that Contractor will owe Purchaser for Contractor's default.

38.3. If Purchaser violates any material term or condition of this Corporate Agreement or fails to fulfill in a timely and proper manner its performance obligations under this Corporate Agreement, then Contractor shall give Purchaser written notice of such failure, which shall be corrected by Purchaser within thirty (30) calendar days. If such failure to perform is not so corrected, this Corporate Agreement may be terminated immediately by written notice from Contractor to the DIS Contracting Officer.

38.4. If it is determined the failure to perform is without the defaulting party's control, fault, or negligence; the termination shall be deemed a Termination for Convenience.

39. Termination for Convenience

39.1. Either party may terminate this Corporate Agreement by thirty (30) calendar days written notice to the other. Invocation of the Termination for Withdrawal of Authority section shall be deemed a Termination for Convenience but will not require such thirty (30) calendar days written notice.

39.2. If this Corporate Agreement is so terminated, Purchaser is liable only for payments required by the terms of this Corporate Agreement for Software received by Purchaser prior to the effective date of termination.

40. Termination for Withdrawal of Authority

In the event that the authority of DIS to perform any of its duties is withdrawn, reduced, or limited in any way after the commencement of this Corporate Agreement and prior to normal completion, DIS may terminate this Corporate Agreement under the Termination for Convenience section. No penalty shall accrue to DIS for exercising its rights under this section. This section shall not be construed to permit DIS to terminate this Corporate Agreement to acquire similar Software from a third party.

41. Termination for Conflict of Interest

DIS may terminate this Corporate Agreement by written notice to Contractor if DIS determines, after due notice and examination, than any party has violated Chapter 42.52 RCW, Ethics in Public Service or any other laws regarding ethics in public acquisitions and procurement and performance of contracts. In the event this Corporate Agreement is terminated for conflict of interest, DIS shall be entitled to pursue the same remedies against Contractor as it could pursue in the event Contractor breaches this Corporate Agreement.

42. Authority to Bind

The signatories to this Corporate Agreement represent that they have the authority to bind their respective organizations to this Contract.

43. Counterparts

This Corporate Agreement may be executed in counterparts or in duplicate originals. Each counterpart or each duplicate shall be deemed an original copy of the Corporate Agreement signed by each party, for all purposes.

Autodesk Software License Agreement

IMPORTANT. BY OPENING THE SEALED SOFTWARE PACKET(S), YOU AGREE TO BE BOUND BY THE TERMS AND CONDITIONS OF THIS LICENSE AGREEMENT. THESE ARE THE ONLY TERMS UPON WHICH AUTODESK SOFTWARE PRODUCTS ARE LICENSED. IF YOU DO NOT AGREE TO THESE TERMS, YOU MAY, WITHIN THIRTY (30) DAYS, RETURN THIS ENTIRE PACKAGE, INCLUDING THE UNOPENED SOFTWARE PACKET(S), TO THE LOCATION WHERE YOU ACQUIRED IT FOR A FULL REFUND. WITH SOME PRODUCTS MORE THAN ONE COMPUTER PROGRAM MAY BE RESIDENT ON THE MEDIA. ONE OR MORE OF THESE ADDITIONAL PROGRAMS MAY BE ACCESSIBLE ONLY BY PAYMENT OF ADDITIONAL LICENSE FEES AND RECEIPT OF AN AUTHORIZATION CODE. THE TERMS AND CONDITIONS OF THIS LICENSE AGREEMENT SHALL APPLY TO ALL PRODUCTS CONTAINED IN THE MEDIA, REGARDLESS OF WHEN ACCESS TO THEM IS OBTAINED, EXCEPT THAT THE RIGHTS GRANTED IN THE GRANT OF LICENSE SECTION SHALL BECOME EFFECTIVE ONLY UPON AUTHORIZED ACCESS TO THE APPLICABLE PRODUCTS.

Grant of License. Autodesk, Inc. ("Autodesk") grants you a nonexclusive, nontransferable license to use the enclosed program (the "Software") according to the terms and conditions herein. This License Agreement permits you to install the Software on your primary computer, and to make one additional copy for use on a second computer you may have, provided that (1) the additional copy is used only by you; (2) only one of the Software copies is in use at any one time at any one location; and (3) the Software is not licensed and/or labeled for educational use only. However, if this Software is being licensed to you for use on a networked system (certain products only), you may operate the Software as a multiple-user installation with either:

(i) the maximum number of concurrent users being one (1) so that multiple individuals may access the Software, but that only one person at a time may do so, or
(ii) the maximum number of concurrent users being two (2) or more, in which case you must buy the first complete Software package and also a specified number of licenses for each additional concurrent user.

Regardless of which alternative you choose, this License permits you to make only one archival copy of the Software. Such archival copy may not be installed on another computer, unless such computer is a partitioned drive of a server to which only the authorized user has access. In any event, the archival copy may not be used or installed as long as another copy of the Software is installed on any computer. This Software package may contain a printed manual and accompanying documentation (the "Documentation") or electronic Documentation. If the Documentation is in printed form, it may not be copied. If the Documentation is in electronic form, you may print out one (1) copy, which may not be copied.

Restrictions. YOU MAY NOT USE OR TRANSFER THE SOFTWARE OUTSIDE OF THE WESTERN HEMISPHERE, REGARDLESS OF WHETHER SUCH TRANSFER WAS ACCOMPLISHED BY PHYSICAL OR ELECTRONIC MEANS.
YOU MAY NOT: (1) modify, translate, reverse-engineer, decompile, or disassemble the Software; (2) rent, lease, or transfer all or part of the Software, Documentation, or any rights granted hereunder to any other person without Autodesk’s prior written consent; (3) remove any proprietary notices, labels, or marks from the Software or Documentation; (4) use or transfer the Software outside of the Western Hemisphere; (5) utilize any computer hardware or software designed to defeat any hardware copy-protection device, should the software you have licensed be equipped with such protection; or (6) use Software for commercial or other revenue-generating purposes if the Software has been licensed or labeled for educational use only.

Upgrades and Updates. If this Software is being licensed to you as an upgrade or update to software previously licensed to you, you must destroy the software previously licensed to you, including any copies resident on your hard disk drive, return any hardware locks which came with the software previously licensed to you (if any) within sixty (60) days of the purchase of the license to use the upgrade or update.

Autodesk reserves the right to require you to show satisfactory proof that previous copies of the software have been destroyed. If the hardware lock is not returned within the stipulated period, Autodesk reserves the right to charge you the difference in price between the upgrade license price and the suggested retail price of this Software.

Multiple-Operating-System Software. If the Software package contains versions designed for use on more than one operating system, or if you have purchased an operating-system exchange, you may install all versions of the Software but only on one computer, at one location, at any one time, and you may use only one operating-system version at any one time. If the Software is licensed for network use, you may install it in the above manner, but simultaneous use is restricted to the number of users for which you have licenses. These multiple-operating-system license terms apply only to specific versions of certain Autodesk products that contain versions for multiple-operating systems. You may not rent, lease, or transfer any of the multiple-operating-system software that is not in use.

Kinetix®, Software. The following applies to Software and Documentation developed by Kinetix, a division of Autodesk:

AutoVision®: AutoVision Software may be licensed for network use pursuant to “Grant of License.”

3D Studio®: Notwithstanding the single-user/one-computer “Grant of License” in this License Agreement, you may install 3D Studio Software on more than one computer for the exclusive purpose of network rendering of your files.

3D Studio MAX® and 3D Studio VIZ™: You may modify and make unlimited copies of the source code examples (“Source Examples”) contained in the Software and any resulting binary files for the exclusive purpose of incorporation into your own works (the “User Works”) and you may treat the User Works as your own creations with the following restrictions: (1) You must clearly identify any modified source code examples and any resulting binary files as User Works developed by you, and not by Autodesk, and you must use class identifications for any classes of objects you create that are different from the class identifications used by Autodesk. (2) You may distribute the resulting binary files of the Source Examples in User Works that are commercially distributed software applications only if: (i) such applications require 3D Studio MAX or 3D Studio VIZ to operate; and (ii) such applications contain significant features and functionality in addition to the Source Examples so that the Source Examples are not the primary source of value. You must include the copyright notices of Autodesk, Inc. in any copy of the Source Examples and resulting binary files.
3D Studio, 3D Studio MAX and 3D Studio VIZ: You may modify and make unlimited copies of the individual animations, still images, and audio files contained in the Software (collectively called the “Software Files”) for the sole purpose of incorporation into your own animations and still images. In addition, you may make unlimited copies of any player included in the Software (the “Player”) for purposes of playing back the User Works if you include the unmodified Autodesk copyright notice in any such copy. You may treat the User Works as your own creations and you may distribute the Software Files subject to the following restrictions: You must exclude MIDI files in any medium for commercial radio or television broadcast, and you may not distribute Software Files that were supplied with the Software, modified or unmodified, as a stand-alone commercial product, including, but not limited to, applications in the form of a collection or library, or as part of a software design tool, except with Autodesk’s written permission. Subject to the foregoing restrictions, you may distribute the User Works and Software Files when incorporated into commercial software applications provided that such commercial software applications contain significant features and functionality in addition to the Software Files and the Software Files are not the primary source of value.

Hyperwire™: You may make unlimited copies of the Runtime Classes, 3D runtime install file, Whipl!™ install file and Hyperwire Samples install file for incorporation into your own works. “Runtime Classes” shall mean the Hyperwire runtime installation program, the contents of the “Classes” folder in the Hyperwire install directory and the contents of the “Classlib” folder in the install directory. NOTE: All modules in the Plug-in folder are unsupported.

3D Props® and Texture Universe®: You may modify and make unlimited copies of content files contained in the Software for the exclusive purpose of incorporation into your own User Works. You may treat the User Works as your own creations as long as the content files are not the primary source of the value of the User Works. You may not distribute the content files in the form of a collection or library or as part of a software design tool.

Autodesk WalkThrough™: You may modify and make unlimited copies of the individual animations, still images, textures, and audio files contained in the Software (collectively “Software Files”) for the sole purpose of incorporation into your own works (the “User Works”). You may treat the User Works as your own creations as long as the Software Files are not the primary source of the value of the User Works, for example, a digital texture mapped to a three dimensional surface which is included in an architectural walk-through animation is a permitted use of the Software Files. You may not distribute the Software Files that are supplied with the Software, modified or unmodified, in commercial products for resale, or redistribute the Software Files in the form of a collection or library, or as part of a software design tool.

You may make unlimited copies of the .DWG files and other associated data contained in the Software (the “.DWG Files”) for the exclusive purpose of incorporation into your own drawings and designs (the “User Drawings”). You may treat the User Drawings as your own creations as long as the .DWG Files are not the primary source of the value of the User Drawings. You may not distribute .DWG Files that are supplied with the Software, modified or unmodified, in commercial products for resale, or redistribute the .DWG Files in the form of a collection or library, or as part of a software design tool.

Multiple Media Software. If the Software package contains the primary program on multiple types of media (e.g., 3.5-inch disks, 5.25-inch disks, and/or CD-ROM), then you may use only the medium appropriate to your specific needs. You may not loan, rent, lease, or transfer the other media contained in the package except as a transfer with Autodesk’s prior written consent as provided above.
Copyright. Title and copyrights to the Software and accompanying materials and any copies made by you remain with Autodesk. Unauthorized copying of the Software or Documentation, or failure to comply with the above restrictions, will result in automatic termination of this license. Unauthorized duplication of the Software constitutes copyright infringement and in the United States is punishable in a federal criminal action by a fine of up to US$250,000 and imprisonment for up to five (5) years. In addition, federal civil penalties allow the recovery of actual damages based on the number of copies produced or liquidated damages of up to US$100,000 for willful copyright infringement.

Limited Warranty. Autodesk warrants that, for a period of ninety (90) days from the date of delivery to you as evidenced by a copy of your receipt, the media on which the Software is furnished under normal use will be free from defects in materials and workmanship. EXCEPT FOR THE ABOVE EXPRESS LIMITED WARRANTIES, AUTODESK MAKES, AND YOU RECEIVE, NO WARRANTIES, EXPRESS, IMPLIED, STATUTORY, OR IN ANY COMMUNICATION WITH YOU; AND AUTODESK SPECIFICALLY DISCLAIMS ANY OTHER WARRANTY INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. AUTODESK DOES NOT WARRANT THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR FREE. If this Software was purchased in the United States, the above exclusions may not apply to you as some states do not allow the exclusion of implied warranties. In addition to the above warranty rights, you may also have other rights, which vary from state to state.

Year 2000 Compliance. Autodesk warrants that the Software under normal use shall be able to accurately process date and time data from, into and beyond the year 2000 including leap year calculations. In the event of a breach of this warranty, Autodesk shall (a) use reasonable commercial efforts consistent with its standard policy on bug-fixes to restore such functionality, (b) replace the Software with conforming Software or (c) in the event that neither (a) or (b) are possible, refund the purchase price.

Remedies. The entire liability of Autodesk and your exclusive remedy under the warranty provided herein will be, at the option of Autodesk, to attempt to correct or work around errors, to replace the media, or to refund the purchase price and terminate this Agreement. This remedy is subject to return of the Software to Autodesk or to the Authorized Autodesk Dealer from whom it was obtained with a copy of your receipt.

Limitation of Liability. IN NO EVENT WILL AUTODESK BE LIABLE FOR ANY DAMAGES, WHETHER ARISING FROM TORT OR CONTRACT, INCLUDING LOSS OF DATA, LOST PROFITS, COST OF COVER, OR OTHER SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR INDIRECT DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM OR ACCOMPANYING DOCUMENTATION, HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY. THIS LIMITATION WILL APPLY EVEN IF AUTODESK OR ANY AUTHORIZED AUTODESK DEALER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. YOU ACKNOWLEDGE THAT THE LICENSE FEE REFLECTS THIS ALLOCATION OF RISK.
